HOME DECORATION

Checkpoint Systems, Inc. is a multinational manufacturer and marketer of integrated systems solutions for retail security, labelling and merchandising. Checkpoint provides technology-driven integrated supply chain solutions to brand, track and secure goods for retailers and consumer product manufacturers worldwide.

One of the world's leading EAS experts

As a leading provider of EAS (Electronic Article Surveillance), Checkpoint Systems offer systems and tags using radio frequency (RF) and electromagnetic (EM) technology, security source tagging, branding tags and labels for apparel, retail display systems and hand labelling systems.

Secured promotion label

Checkpoint: loss prevention since 1969

Checkpoint's labelling systems and services are designed to consolidate labelling requirements to improve efficiency, reduce costs, and furnish value-added solutions for customers across many markets and industries.

Checkpoint Systems' products provide solutions for applications in the retail, commercial, government and industrial markets served through a worldwide network of sales, service and manufacturing operations. Established in 1969, Checkpoint Systems Inc. is today the leading provider of RF based loss prevention systems. 350,000 Checkpoint EAS systems are installed worldwide.

Competent through worldwide presence

With subsidiaries throughout the world, including Europe, North and South America and Asia, Checkpoint Systems has a global reach that helps produce comprehensive labelling and protection systems for any size of supply chain from point of manufacture to end user. Checkpoint has grown and expanded to include direct subsidiaries in 31 countries.

The key figures of success

Turnover in 2006 = 687,775 Million USD
Number of employees Dec. 2006 = 3213
Research & Development in 2006 = 19,4 Million USD

Merchandising Solutions by Checkpoint

Under the Meto brand name, Checkpoint brings a wide variety of innovative and highly cost-effective Merchandising Solutions to the global retail market, covering the areas of In-store Communication and Promotion, Shelf Management, Shopping Convenience and Smart & Secured Merchandising.

Checkpoint Systems acquired Meto AG (Germany) in 1999. Over the past 50 years, Meto invented multiple Merchandising Solutions that are today commonly used in any retail environment*. The company today aims to offer solutions that are easy to handle and install, thereby meeting the requirements of today's fast moving retail landscape where time is money. The Meto brand equals quality and durability, inspiring the industry to reach the consumer in-store in the most effective way.

* Meto was the original inventor of the hand labelling tool, PromoSign price cassettes, poster writing kits and many other patented solutions that are today recognized as a standard in the market.

A solid partnership to global retailers

Checkpoint is a partner to many global retailers and brand manufacturers through offering a comprehensive range of stock Merchandising Solutions, providing high impact point-of-sale visibility and flexibility. An efficient supply chain and user-friendly product design enable the company to offer high-impact 'standard' solutions at low investment and low operational cost.

Checkpoint's partnership with retailers and brand manufacturers is taken to an even higher level, by providing highly customised in-store Merchandising Solutions. The company produces any type of signage, including highly technological communication and promotion media, in the corporate style of its customers and in accordance with their strategies to draw the consumer's attention.

Secured Merchandising: the best of both worlds

Checkpoint's mission to enable its customers to be more successful in 'selling more and losing less' is expressed in the unique combination of Shrink Management and Merchandising Solutions. 'Secured Merchandising' doubles security hardware and consumables as media to create awareness. Building on its strengths in both theft prevention and merchandising, Checkpoint aims to provide both retailer and brand manufacturer with creative and innovative solutions to sell more and lose less at the lowest possible cost.

Jet Writing Kit

Tailor-made Merchandising Solutions make your stores stand out

In today's retail environment, 'to-the-point' merchandising is crucial in the process of creating competitive advantage and maximising sales. Checkpoint offers a wide range of possibilities and sound expertise in finding just the right solution to draw your consumers' attention and optimise their shopping experience.

Decades of expertise at your disposal

Our experts provide you with comprehensive on-site consultancy and advice. Your individual solution will be designed to fit perfectly with your interior, corporate style and logistics requirements. From In-store Communication and Promotion, Shelf Management and Shopping Convenience to Smart & Secured Merchandising, enjoy the benefits of a merchandising partner that understands your business.

Complete service from concept to installation

This is what you can expect from Checkpoint: We deliver comprehensive, specialist consultancy design and development that matches your corporate design as well as roughs, renderings and perspective drawings, 2-D and 3-D designs or prototypes. We perform test store trials, evaluation and optimisation. And we provide cost-effective production in our specialised production facilities as well as installation by specialised teams.

Everything is customisable!

We produce personalised merchandising solutions fast and in any material, using the latest production processes. Our permanent focus on intuitive handling and installation allows you to invest maximum time into your core business.

FRAMING SOLUTIONS

The use of colours at point-of-sale offers numerous advantages:

- *Integrating corporate design into any price and promotion signage is a cost-effective means to support your brand. The overall use of house colours increases recognition while creating loyalty among your customers.*
- *Furthermore, introducing a colour system into your signage highlights different product categories or departments. Combining an eye-pleasing shopping environment with a useful system helps your consumers find their way around the store.*

Professional signage for in-store pricing and promotion

In a competitive landscape, speed is required. The flexibility to adjust prices and introduce promotions in-store is a key factor for success. In turn, consumers demand clear and attractive price marking to help them make their choices.

Checkpoint offers a wide range of solutions for professional display, providing information and creating an appealing sales environment. Attractive price displays and cassettes come with a fully modular design, allowing for easy adaptation to the requirements of your store. Furthermore, smart robust frames can be used anywhere, while being simple to handle and easy to install.

Checkpoint's Framing Solutions can be customised and produced to match your corporate identity precisely.

In a competitive retail environment, speed is required. The flexibility to adjust prices and introduce promotions in-store is a key factor for success. In turn, consumers demand clear and attractive price marking to help them make their choices.

Checkpoint offers a wide range of solutions for professional display.

Highlights

- Durable, cost-effective price marking solution
- Wide range of standard cassette sizes and designs
- Your specific character set and design on request
- Modular system for flexible content changes
- Simple to handle and easy to install

Specifications

PromoSign price cassettes from Checkpoint offer a smart and convenient price marking system for fresh produce, delicatessen and service counters.

The modular design of the system ensures easy handling: price and text changes can be made quickly at any time.

PromoSign is also easily adaptable for dual pricing, such as the display of a unit price. Mutually compatible modules allow the cassettes to be adapted and extended to your needs.

PromoSign from Checkpoint meets all current requirements for food.

Benefits

- Prices, product description and information are clear and easily legible
- Prices and products can be changed quickly and easily with the amazingly simple PromoSign system

METO®
PromoSign

[Modular price cassette for professional price marking in-store]

Easy handling

Changing products and prices is simple: just pull out the slider ...

... insert the new text label, ...

... change the prices as required and push the slider back in. Finished!

Material: Polycarbonate, transparent

Unit quantity: 25

Frame Hook Top

Application: Attachment clip for frames with side insert.

Art.-No.: 9142020

Size: 16 x 14 x 39 mm
Material: Polycarbonate
Colour: Transparent

Unit quantity: 25

Frame Magnets – 3 kg

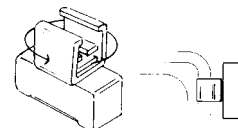

Application: For fixing smaller frames to metal surfaces.

Art.-No.: 8312607

Size: 33 x 13 x 13 mm (magnet)

Material: PA 6, housing white – Clip: Polycarbonate

Unit quantity: 25

Frame Magnets – 6 kg

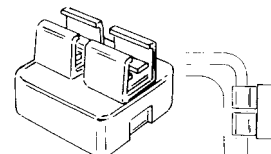

Application: For fixing smaller frames to metal surfaces.

Art.-No.: 8312608

Size: 39 x 34 x 14 mm (magnet)

Material: PA 6, housing white – Clip: Polycarbonate

Unit quantity: 25

Frame Magnets – 6 kg

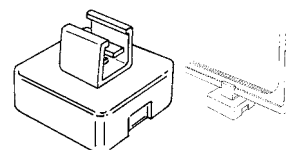

As for Art.-No. 8312 608, but with rotating adaptor.

Application: For fixing larger frames to metal surfaces.

Art.-No.: 8312575

Material: PA 6, housing white – Clip: Polycarbonate

Unit quantity: 25

Frame Wall Magnets – 6 kg

Application: For fixing frames to metal surfaces parallel to the fixing surface.

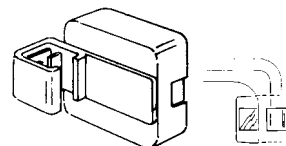

Art.-No.: 8312609

Size: 39 x 34 x 14 mm (magnet)

Size: 40 x 16 x 24 mm (holder)

Material: PA 6, housing white – Clip: Polycarbonate

Unit quantity: 25

Clip-on Card Holders

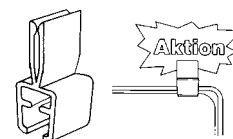

Application: Holder for clipping additional information to the frame.

Art.-No.: 8312610

Size: approx. 15 x 16 x 30 mm

Material: Polycarbonate, transparent

Unit quantity: 25

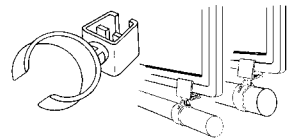

Tube Clamp 18 mm

Application: For fixing frames to rails and tubes up to 18 mm Ø.

Art.-No.: 8312612

Size: approx. 42 x 23 x 16 mm
Material: Polycarbonate, transparent

Unit quantity: 25

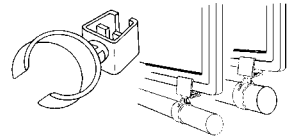

Tube Clamp 22 mm

Application: For fixing frames to rails and tubes up to 22 mm Ø.

Art.-No.: 8312574

Size: approx. 45 x 27 x 16 mm
Material: Polycarbonate, transparent

Unit quantity: 25

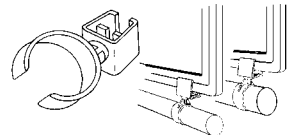

Tube Clamp 26 mm

Application: For fixing frames to rails and tubes up to 26 mm Ø.

Art.-No.: 8312613

Size: approx. 48 x 32 x 16 mm
Material: Polycarbonate, transparent

Unit quantity: 25

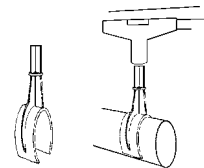

Oval Tube Clamp with G-Adaptor

Application: For fixing frames to rails or tubes with oval cross-section.

Art.-No.: 8312614

Size: approx. 100 x 71 x 26 mm
Material: Polycarbonate, transparent

Unit quantity: 25

Suction Clip Attachment

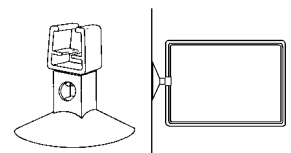

Two-part fixture, consisting of 1 suction clip plus a mounted frame adaptor.

Application: For fixing frames DIN A6 – DIN A3 laterally on smooth surfaces (windows, glass plates), or at a 90° angle to surface.

Art.-No.: 8312615

Size: approx. 12 x 12 x diam. 40 mm (suction clip)
Material: PVC, transparent
Size: approx. 15 x 15 x 15 mm (frame adaptor)
Material: Polycarbonate, transparent

Unit quantity: 20

Tube Hooks for Frames

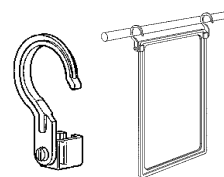

Clip with moveable hook for suspending individual frames on tubes with Ø up to 25 mm.

Art.-No.: 8312616

Size: 35 x 62 x 20 mm

Material: Polycarbonate, transparent

Unit quantity: 25

Frame Holder

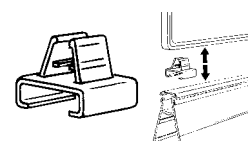

Clip for attaching frames above deep-freeze chests.
Application: For attaching frames to deep-freeze rails.

Art.-No.: 8310610

Size: 25 x 25 x 22 mm

Material: Polycarbonate, transparent

Unit quantity: 20

Swivel Clip for Frames

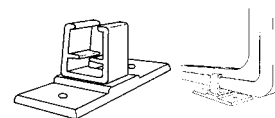

Application: For fixing frames DIN A6 – DIN A4 by sticking or screwing to walls or shelves.

Art.-No.: 8312151

Size: approx. 20 x 48 x 20 mm

Material: Polycarbonate, transparent

Unit quantity: 20

Frame Base Stand Universal

For frames DIN A6 – DIN A4.

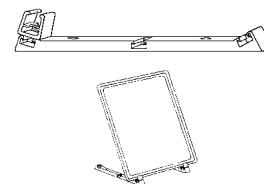

Application: Enables 3 different stand positions by means of the position of the clip: vertical – inclined 15° – inclined 30°. 2 rails per frame.

Art.-No.: 8312650

Size: approx. 150 x 22 x 10 mm (without clip)

Material: Polycarbonate, transparent

Unit quantity: 20

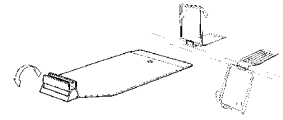

Variable Frame Holder

Frame attachment consisting of:
Baseplate and frame adaptor, with 7 different positions.

Art.-No.: 9005272

Size: approx. 200 x 90 mm
Material: ABS
Colour: Transparent

Unit quantity: 10

Frame Clips

Consisting of 25 PromoSign clips and 25 frame clips.
Application: Clips for attachment of frames or PromoSign cassettes for parallel attachment to shelf edges or plates.

Art.-No.: On request

Size: approx. 25 x 10 mm
Material: Polycarbonate / POM
Colour: Transparent /white

Unit quantity: 25

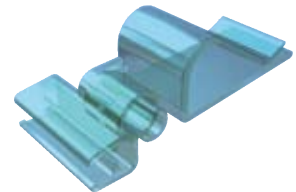

Frame Clamp

Clamp for universal fixing of all frames to boxes and trays (wood / plastic).

Art.-No.: 9173219

Material: Polycarbonate
Colour: Transparent

Unit quantity: 10

Fruit & Vegetable Box Clamp for Frames

Clamp for universal fixing of all frames to boxes and trays (wood / plastic). Can be set at two different heights.

Art.-No.: 9173217

Material: ABS
Colour: Black

Unit quantity: 10

Frame Stand

Frame Stand

Frame stands consisting of poster frame, plastic telescopic tube with screwed tube adaptor, extendible to 60 cm, complete with transparent holder (G-adaptor) and anthracite-grey metal base plate. DIN A3 and DIN A4, for use in portrait or landscape format.

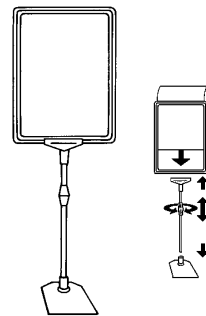

Art.-No.: 8312331 DIN A3, green RAL 6024
 Art.-No.: 8312333 DIN A3, red RAL 3000
 Art.-No.: 8312335 DIN A3, blue RAL 5015
 Art.-No.: 8312336 DIN A3, yellow RAL 1021
 Art.-No.: 8312337 DIN A3, white RAL 9016

Art.-No.: 8312341 DIN A4, green RAL 6024
 Art.-No.: 8312343 DIN A4, red RAL 3000
 Art.-No.: 8312344 DIN A4, orange RAL 2003
 Art.-No.: 8312345 DIN A4, blue RAL 5015
 Art.-No.: 8312346 DIN A4, yellow RAL 1021
 Art.-No.: 8312347 DIN A4, white RAL 9016

Unit quantity: 10

Art.-No.: 8312749 DIN A4, grey RAL 7040

Unit quantity: 1

T-Palette Stand

Consisting of:

1 DecoLine suspension tube, length 200 cm,
 2 DecoLine suspension tube arms, length 60 cm, including position rail,
 1 adaptor for connection with different base plates (8312231 or 9210175 + 9207589).

Art.-No.: 9210211 (without base plate)

Colour: Silver anodized

Unit quantity: 1

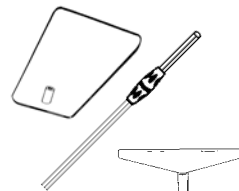

Palette Frame Stands – Lower Part Complete

Consisting of:

1 Jumbo baseplate (8312231),
 1 telescopic aluminium tube, length 150 cm (8312232) and
 1 Super-G adaptor (8312630).

Art.-No.: 8312229

Unit quantity: 1

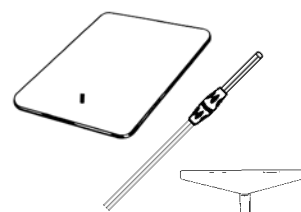

Palette Frame Stands – Telesc. 75 – 225 cm

Consisting of:

- 1 Metal baseplate 250 x 340 mm (9210175),
- 1 Connecting tube (9207589),
- 1 telescopic aluminium tube, length 150 cm (8312232) and
- 1 Super-G adaptor (8312630).

Art.-No.: 9212190

Unit quantity: 1

Jumbo Base Plate

For pallet stand, with integral metal adaptor for the aluminium tube (8312232).

Art.-No.: 8312231

Format: 315 x 250 x 400 mm
Weight: 3 kg
Material: Metal, powder-coated
Colour: Dark grey, RAL 7016

Unit quantity: 1

Metal Base Plate

For pallet stand, with bonded M6 metal set screw.

Art.-No.: 9210175

Format: 250 x 340 mm
Weight: 1,7 kg
Material: Metal, powder-coated
Colour: Dark grey, RAL 7016

Unit quantity: 1

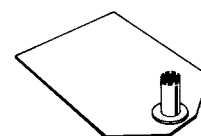

Base Plate – Metal Powder coated

With a welded screw stud and a screwed black tube adaptor.

Art.-No.: 8312631

Size: approx. 195 x 158 x 43 mm
Material: Steel plate 2,0 mm thick
Colour: Dark grey, RAL 7016

Unit quantity: 10

Base Plate – Stainless Steel

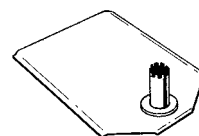

With a welded screw stud and a screwed black tube adaptor.

Art.-No.: 8312632

Size: approx. 195 x 158 x 43 mm

Material: Steel plate 1,0 mm thick

Unit quantity: 10

Plastic Base Plate

Light base plate for frame stands.

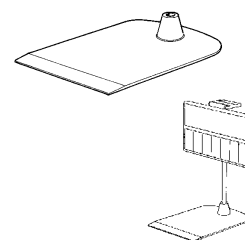

Art.-No.: 8312655

Format: 223 x 120 mm

Material: ABS

Colour: Black

Unit quantity: 10

Tube Adaptor

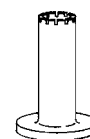

For stationary fitting to small attachment areas, complete with adhesive tape.

Art.-No.: 8312636

Size: approx. Ø 34 mm x height 50 mm

Material: Polycarbonate, black

Unit quantity: 10

Connecting Jacket

Plastic jacket for screwing on base plate (9210175) to connect telescopic aluminium tube (8312232) or DecoLine suspension tube.

Art.-No.: 9207589

Size: approx. Ø 40 mm x height 60 mm

Material: Polyamide, black

Unit quantity: 1

G-Adaptor 9 mm

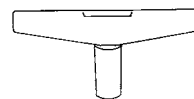

Connecting part for frame stands, to fit on the inner 9 mm telescopic tube (8312620 / 621 / 622, see page 52) and to hold the upper poster frame.

Art.-No.: 8312624

Size: approx. 70 x 45 x 16 mm

Material: Polycarbonate, transparent

Unit quantity: 10

G-Adaptor 10 mm

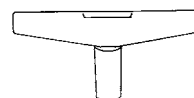

Connecting part for frame stands, to fit on the inner 10 mm telescopic tube (8312626) and to hold the upper poster frame.

Art.-No.: 8312628

Size: approx. 70 x 45 x 16 mm

Material: Polycarbonate, transparent

Unit quantity: 10

G-Adaptor 12 mm

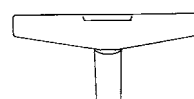

Connecting part for frame stands, to fit on the inner 12 mm telescopic tube.

Art.-No.: 8312668

Size: approx. 70 x 45 x 16 mm

Material: Polycarbonate, transparent

Unit quantity: 10

Super-G-Adaptor 9 mm

Connecting part for frame stands, to fit on the inner telescopic tube (8312620 / 621 / 622, see page 52).

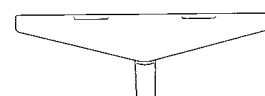

Application: Used especially for A3 / A4 frames with frame inserts!

Art.-No.: 8312630

Size: approx. 180 x 60 x 16 mm

Material: Polycarbonate, transparent

Unit quantity: 10

Adaptor for Super-G-Adaptor

Connecting part for Super-G-adaptor for fit on 12 mm tube.

Art.-No.: On request

Material: Polycarbonate, transparent

Plastic Telescopic Tube

Consisting of an outer tube Ø 12 mm and an inner tube Ø 9 mm, both cut to length 30, 50, 75 cm (extendible to 60, 100, 150 cm) and connected by a black plastic screw fitting, including G-adaptor.

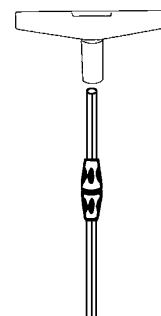

Art.-No.: 8312620 30 cm

Art.-No.: 8312621 50 cm

Art.-No.: 8312622 75 cm

Material: Fibreglass, anthracite

Unit quantity: 10

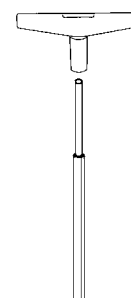

Metal Telescopic Tube

Consisting of outer tube Ø 12 mm / 29 cm long and inner tube Ø 10 mm / 32 cm long; with inner locking device, including G-adaptor, packed 10 in a polybag.

Art.-No.: 8312626

Material: Steel tubes, chromium plated

Unit quantity: 10

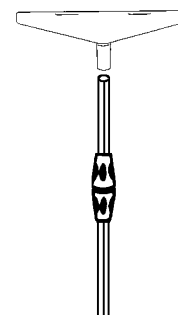

Aluminium Telescopic Tube

Consisting of inner tube Ø 20 mm, length 150 cm. Outer tube, Ø 24 mm, length 75 cm, including Super G-adaptor, with plastic locking device. For use with baseplate (8312231) and frame adaptor, extendible to 225 cm.

Art.-No.: 8312232

Material: Aluminium, anodised

Unit quantity: 1

Spring Loaded Holder for Baskets

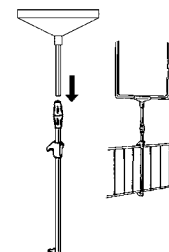

For variable fitting to wire baskets, with a black plastic adaptor for Ø 12 mm tubes. Clamp height extends to 42 cm. With black plastic clamp for tubes of Ø 12 mm and 12 mm G-adaptor.

Art.-No.: 8312637

Size: approx. 540 mm x Ø 12 mm

Material: Metal tube, dark grey, powder-coated

Unit quantity: 10

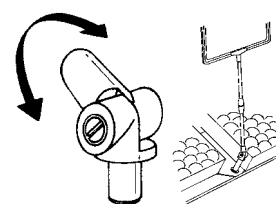

Frame Stand Swivel Joint

For fitting between the base plate and telescopic tube, allowing the frame stand to be used on inclined surfaces (Fruit & Vegetable). With slotted screw, adjustable at angles of 15°.

Art.-No.: 8312638

Size: approx. 65 mm
Outer size: 12 mm
Inner size: 9 mm
Material: Polyamide, black

Unit quantity: 10

Frame Fixing Profile

Extruded fixing profile with adhesive foam tape.
Application: For fixing frames and special offer clips on even surfaces (deep-freeze area, shelves, etc.).

Art.-No.: 9160230

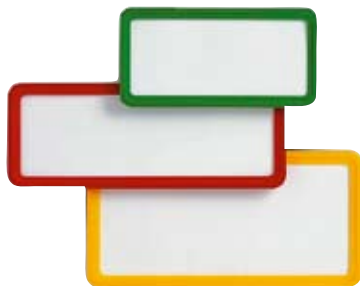

Material: PVC
Colour: White
Length: 1,24 m

Unit quantity: 10

Shelf Frame

Shelf Frames 1/3 DIN A5, 1/4 DIN A4, 1/3 DIN A4, DIN A7

Frame with 9 fixing points on the back, to insert landscape information cards from above, adjustable to 3 different heights.

Application: For individual pricing of products, giving up-to-date information on the shelf. The flexible accessories enable frame fixing everywhere. With a simple twisting action the fixture can be inserted in the back of the shelf frame.

Material: ABS

Unit quantity: 25

Art.-No.: 8312672 Pocket Insert Size: 148 x 70 mm

Art.-No.: 8312673 Pocket Insert Size: 210 x 74 mm

Art.-No.: 8312674 Pocket Insert Size: 210 x 99 mm

Unit quantity: 25

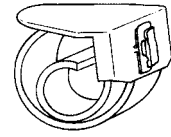

Unifix Rolls for Shelf Frames

Fixing device for shelf frames, consisting of a transparent holder and a snap-in white roll with spring effect, allowing the frame to be attached to all types of shelving.

Art.-No.: 8312162

Material: Polycarbonate / POM
Size: approx. 77 x 31 x 45 mm

Unit quantity: 25

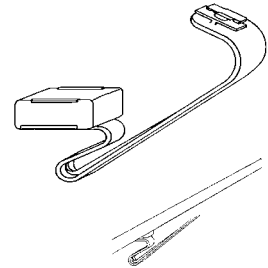

Swingholder with 6 kg Magnet for Shelf Frames

Fixing device for shelf frames, consisting of a 6 kg magnet (white housing) and a snap-in white holder.

Art.-No.: 8311449

Material: POM (swingholder)
Size: approx. 109 x 43 x 34 mm
Colour: White

Unit quantity: 25

Magnets for Shelf Frames – 3 kg

Magnetic fixing device for shelf frames only, suitable for all metal surfaces.

Art.-No.: 8311455

Material: PA 6
Size: approx. 33 x 13 x 24 mm
Colour: White

Unit quantity: 25

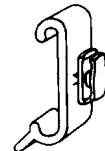

Shelf Clip "T" for Shelf Frames

Fixing device for shelf frames.
Application: To clip on TEGOMETALL shelf-edges.

Art.-No.: 8311480

Material: POM
Size: approx. 36 x 12 mm
Colour: White

Unit quantity: 25

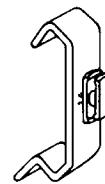

Shelf Clip "SL" for Shelf Frames

Fixing device for shelf frames.
Application: To clip on STOREBEST HEAVY-DUTY shelf-edges.

Art.-No.: 8311482

Material: POM
Size: approx. 44 x 12 x 23 mm
Colour: White

Unit quantity: 25

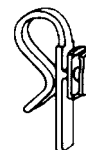

Hooks for Wire Baskets

Fixing device for shelf frames.
Application: To clip on wire baskets or glass dividers.

Art.-No.: 8311484

Material: POM
Size: approx. 34 x 9 x 20 mm
Colour: White

Unit quantity: 25

Clip for Scanning Profiles

Fixing device for shelf frames.
Application: To clip on scanning profiles.

Art.-No.: 9147296

Material: POM
Size: approx. 35 mm
Colour: White

Unit quantity: 25

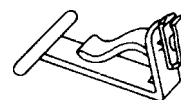

Universal Holder for Shelf Frames

Fixing device for shelf frames.
Application: To use as stand, as holder for glass dividers or in combination with hooks holding the frame vertically.

Art.-No.: 8311485

Material: POM
Size: approx. 29 x 44 x 24 mm
Colour: White

Unit quantity: 25

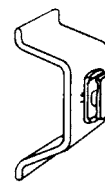

Price Rail Clips

Fixing device for shelf frames.
Application: To clip in price rails up to 40 mm.

Art.-No.: 8311486

Material: POM
Size: approx. 46 x 16 x 21 mm
Colour: White

Unit quantity: 25

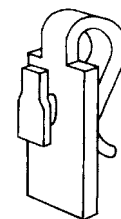

Attachments for Wire Baskets

Fixing device for shelf frames.
Application: To clip on wire baskets with wire diameter up to 9 mm.

Art.-No.: 8312164

Material: Polycarbonate
Size: approx. 35 x 16 x 16 mm
Colour: Transparent

Unit quantity: 25

Shelf Edge Clips

To clip on wooden or glass shelf-edges from 20 – 32 mm thickness.

Art.-No.: 8312161

Material: Polycarbonate
Size: approx. 65 x 19 x 37 mm
Colour: Transparent

Unit quantity: 25

Shelf Frame Clip for Perforated Boards

To clip on perforated boards.

Art.-No.: 9227122

Material: Polypropylene
Size: approx. 40 x 5 mm
Colour: Grey

Unit quantity: 100

Swinging Frame

Swinging Frames

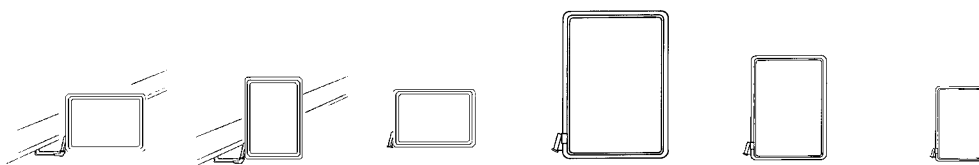

Swinging frame with axle bearing point for fixing accessories.
To insert information cards from above.
Application: For individual pricing of products against customer flow.
The flexible accessories enable frame fixing everywhere.

Material: ABS

Unit quantity: 25

Pocket Insert

Accessory for swinging frames.

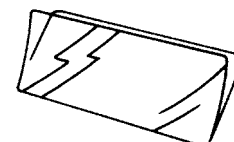

Art.-No.: 8312670 Size: DIN A6

Art.-No.: 8312645 Size: DIN A5

Art.-No.: 8312644 Size: DIN A4

Material: PVC
Thickness: 0,2 mm
Colour: Transparent

Unit quantity: 10

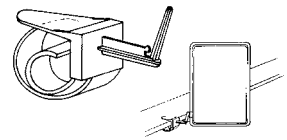

Uniswing Attachment

Fixing device for swinging frames, consisting of a transparent holder and a snap-in roll with spring effect.

Application: To clamp on all types of shelf-edges for attachment of A5 or A6 swinging frames.

Art.-No.: 8312160

Size: approx. 100 x 30 x 60 mm

Material: Polycarbonate, transparent (holder), POM, white (roll)

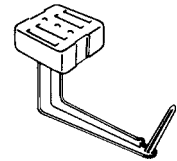

Unit quantity: 25

Swing Attachment with 6 kg Magnet

6 kg magnet with a strengthened snap-in holder for swinging frames.

Application: To fix the magnet under the metal shelf and to click on any size of swinging frame.

Art.-No.: 8312496

Size: approx. 39 x 34 x 14 mm (magnet), approx. 70 x 15 x 50 mm (holder)

Material: PA 6, housing white (magnet), POM, white (holder)

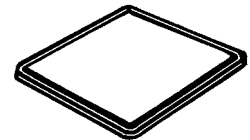

Unit quantity: 25

Metal Plates for Swinging Frames

Double-sided light grey square-shaped steel plates, one-sided covered with an adhesive foam tape 1 mm, white.

Application: To stick under a non-metallic surface, to enable attachment of magnets.

Art.-No.: 8312499

Size: approx. 33 x 33 x 0,75 mm

Unit quantity: 25

List Holder Info Vario

Holder made of aluminium with 6 frames in light grey. Telescopic aluminium stand extendible from 450 – 670 mm, swivel-mounted on a plastic base fixed with 4 screws or adhesive pad. The holder with 6 frames completely assembled, 6 protecting covers, stand, screws, adhesive pad and instruction sheet are packed in one cardbox.

Application: An ideal aid for the cashier for all unmarked articles; the frames can hold 12 A4 lists, e.g. price lists, with/without barcodes, protected by plastic covers.

Art.-No.: 8312310 List Holder Info Vario 6 with 6 frames

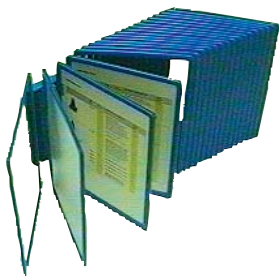

Art.-No.: 9007778 List Holder Info Vario 10 with 10 frames

Format: 590 x 240 x 111 mm

Material: Aluminium, ABS, PA

Colour: Holder black, frames grey (RAL 7040)

Unit quantity: 1

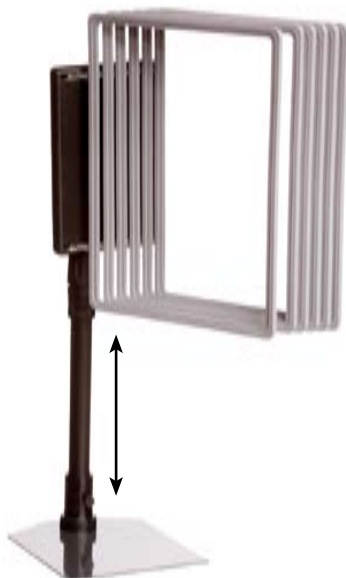

List Holder Info Vario Individual

Aluminium frame holder with variable number and colours of frames to individual customer specification.

Application: Ideal as customer information system, e.g. for the presentation of product ranges etc.

Art.-No.: On request

Unit quantity: 1

List Holder Info Vario Medium

Holder made of aluminium with 6 frames in light grey. Telescopic aluminium stand extendible from 450 – 670 mm, mounted on a metal base plate fixed with connecting tube. The holder with 6 frames completely assembled, 6 protecting covers, stand and instruction sheet are packed in one cardbox.

Application: An ideal aid for the cashier for all unmarked articles; the frames can hold 12 A4 lists, e.g. price lists, with/without barcodes, protected by plastic covers.

Art.-No.: 9210786 List Holder Info Vario Medium with 6 frames

Format: 590 x 240 x 111 mm

Material: Aluminium, ABS, PA, metal

Colour: Holder black, frames grey (RAL 7040), metal base plate (RAL 7016)

Unit quantity: 1

List Holder Info Vario Small

Holder made of aluminium with 6 frames in light grey. Aluminium stand 400 mm, mounted on a metal base plate fixed with connecting tube. The holder with 6 frames completely assembled, 6 protecting covers, stand and instruction sheet are packed in one cardbox.

Application: An ideal aid for the cashier for all unmarked articles; the frames can hold 12 A4 lists, e.g. price lists, with/without barcodes, protected by plastic covers.

Art.-No.: 9210787 List Holder Info Vario Small with 6 frames

Format: 590 x 240 x 111 mm

Material: Aluminium, ABS, PA, metal

Colour: Holder black, frames grey (RAL 7040), metal base plate (RAL 7016)

Unit quantity: 1

List Holder LH 5

Telescopic fibreglass tube, extendible from 520 to 760 mm; plastic holder at top to hold 5 A4 frames in different colours. Metal baseplate, 5 frames and 10 attachment clips are supplied in a poly-bag.

Application: Economical list holder to hold 10 A4 price lists. Adjustable metal foot. A practical solution for installing at the checkout.

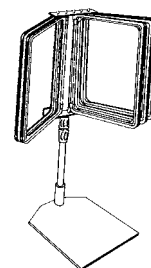

Art.-No.: 8311631

Size: approx. 525 x 110 mm

Material: Polycarbonate (plastic parts), ABS (frames)

Colours: Holder black, frames red, orange, blue, green, white

Unit quantity: 1

Transparent Plastic Cover A4

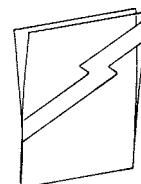

Application: Replacement plastic covers for Info Vario and List holder LH 5.

Art.-No.: 8312644

Material: PVC

Thickness: 0,2 mm

Unit quantity: 10

VarioFrame System

Extruded plastic profile with hollow centre, available as full and half profiles. High-quality plastic frames for posters and signage. Huge range of combination possibilities allow signs to be made to almost any customer specification.

Full profile: 25 x 22 mm

Half profile: 25 x 9 mm

Available components:

Full profile

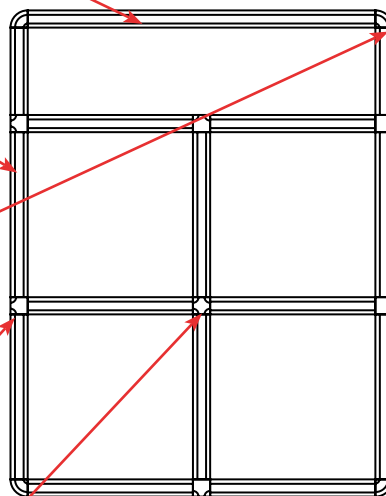

Half profile
(Insert side)

2-way connector

3-way connector

4-way connector

Application example

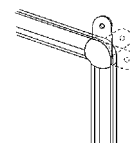

Suspension Eye

Plastic suspension eye for VarioFrame.

Application: The eye is inserted between the VarioFrame connectors to allow VarioFrame to be hung from ceilings, rails etc.

Size: approx. 65 x 20 x 2,0 mm thick

Material: Polycarbonate, transparent

Brochure Holder for 1/3 DIN A4

Plastic brochure holder for upright positioning.

Art.-No.: 9146143

Format: 110 x 32 mm

Material: Polystyrol

Colour: Transparent

Unit quantity: 80

Brochure Holder for DIN A4

Plastic brochure holder for upright positioning.

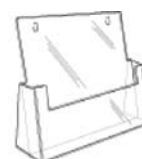

Art.-No.: 9146144

Format: 230 x 30 mm

Material: Polystyrol

Colour: Transparent

Unit quantity: 36

Wall-mounting Brochure Holder for 1/3 DIN A4

Plastic brochure holder for wall-mounting.

Art.-No.: 9146145

Format: 110 x 34 mm

Material: Polystyrol

Colour: Transparent

Unit quantity: 100

Wall-mounting Brochure Holder for DIN A4

Plastic brochure holder for wall-mounting.

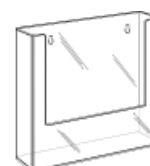

Art.-No.: 9146146

Format: 230 x 32 mm

Material: Polystyrol

Colour: Transparent

Unit quantity: 44

Wall-mounting Brochure Holder for 3-fold DIN A4

Plastic brochure holder for wall-mounting with three pockets.

Art.-No.: 9146147

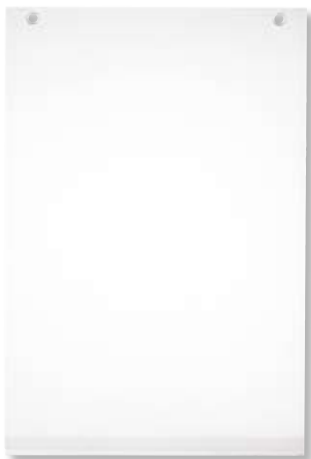

Format: 230 x 32 x 3 mm

Material: Aluminium, PP plastic base

Colour: Grey

Unit quantity: 1

FIXING SOLUTIONS

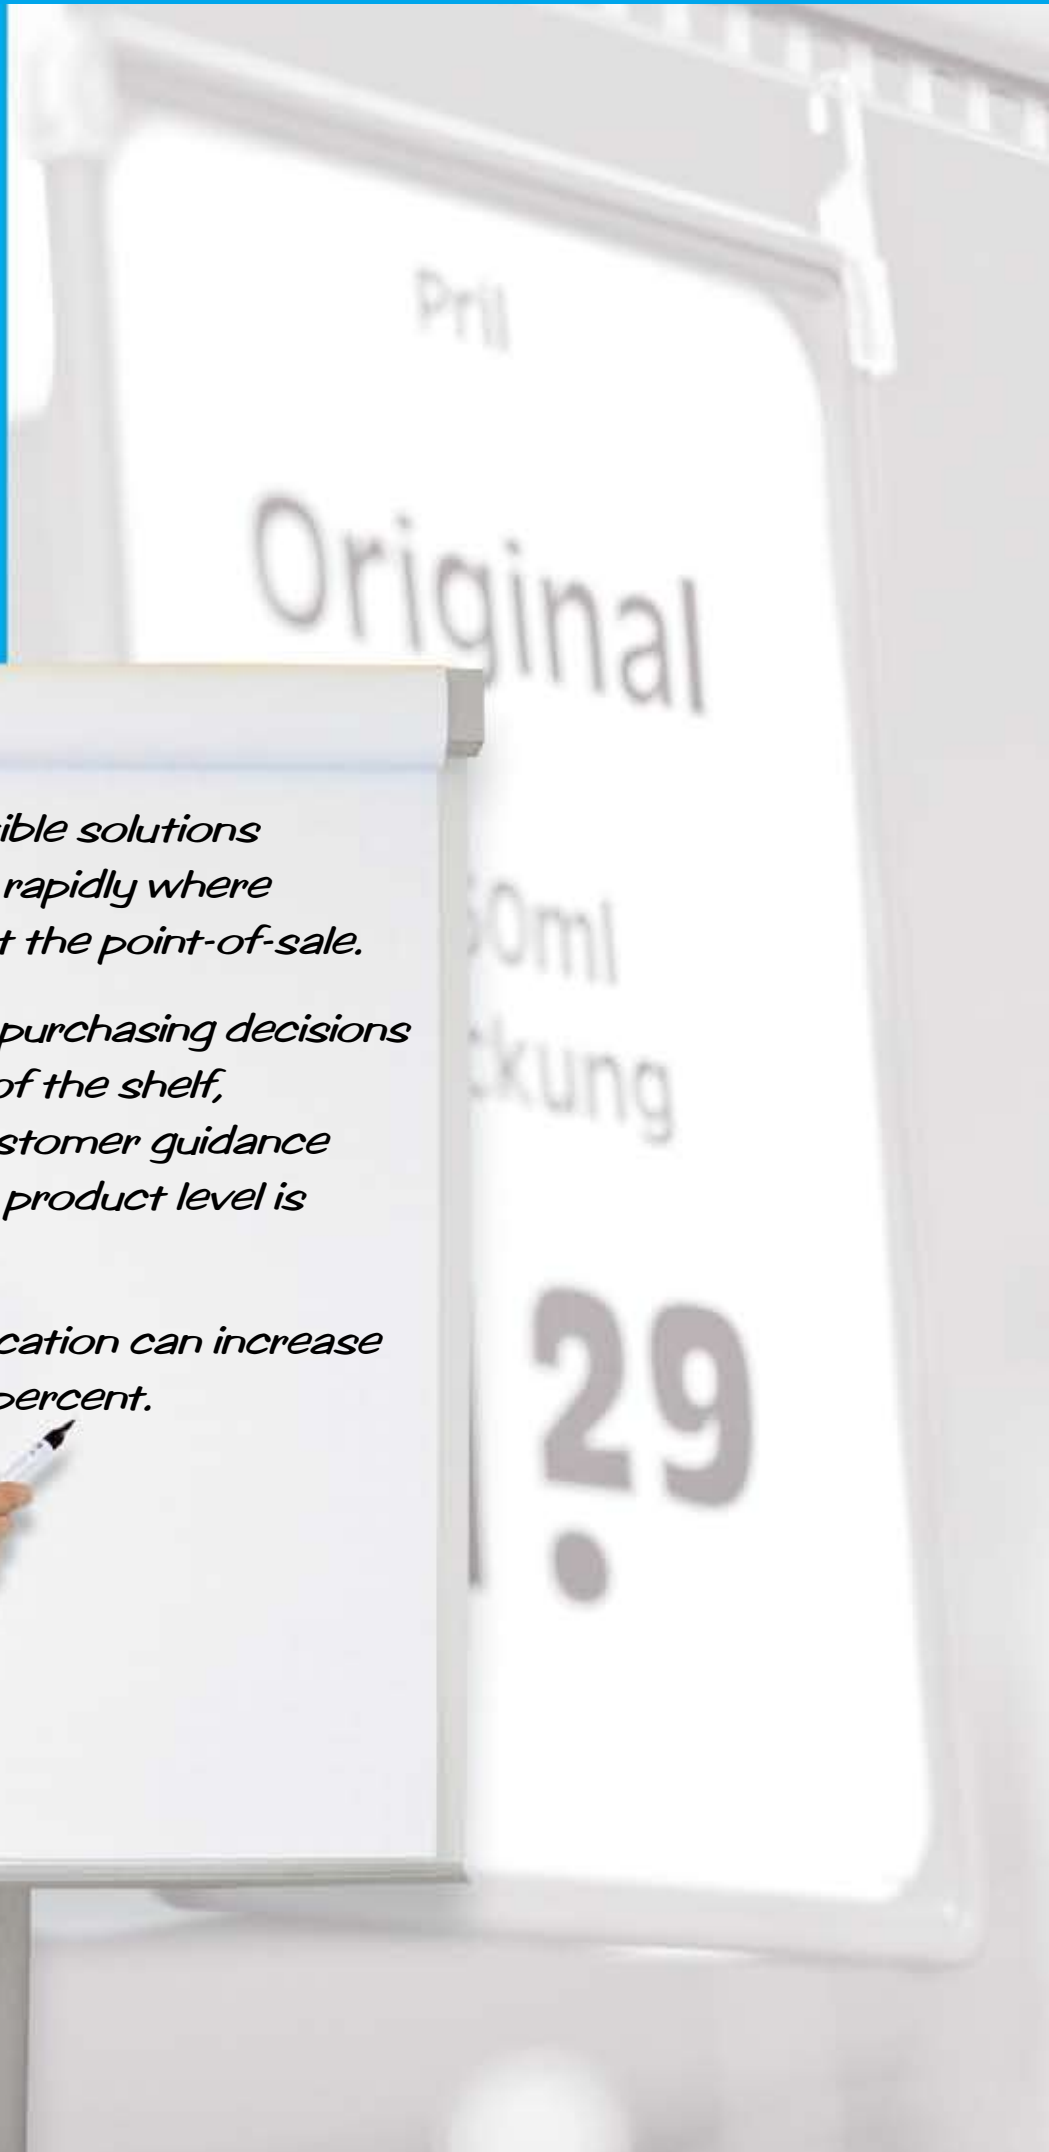

Retailers need flexible solutions to change themes rapidly where it matters most: at the point-of-sale.

As the majority of purchasing decisions are taken in front of the shelf, continuation of customer guidance from the aisle to a product level is highly effective.

On-shelf communication can increase sales by up to 35 percent.

Flexibility is a key for retailers' success

Meto Solutions enable a rapid change of promotions and themes. Our core business is to provide retailers with highly effective merchandising solutions while reducing installation time. Whether you install in-house or rely on Meto installation teams, your focus will be to maximise profit.

In every new development, Meto aims to offer solutions that are easy to handle and install. Because we know the requirements of today's fast moving retail landscape where time is money and competitors always seem one step ahead.

Take the deepfreeze department: where a ten meter installation of Jumbo deep-freeze signage used to take 30 minutes, we managed to reduce the installation time to 5 minutes, thanks to a smart adhesive patch.

Benefits

Elegant fixture for banners

InfoLine is a highly reliable and flexible fixture solution for banners.

Universal solution for shelf and deep-freeze chest

Banners can be attached to virtually any shelf or deep-freeze in a hanging or swinging position.

Help consumers find their way around the shop

Give customers a clear picture, and guide them around your shop. InfoLine is ideally suitable for customer guidance, identifying departments, product groups, special offer areas or information counters.

Draw attention to particular departments, product groups or offers

On-shelf communication is a perfect means of drawing the consumer's attention.

Easy to handle and install

InfoLine fixing accessories are easy to handle and install, for example with magnets, adhesives or screw fittings, while providing great flexibility to suit your changing needs over and over again.

Strong and reliable

InfoLine is a fixing solution that ensures a firm hold in the widest range of positions possible.

[Elegant fixture for shelf banners]

Retailers need flexible solutions to change prices rapidly where it matters most: at point-of-sale.

Checkpoint offers different solutions to enable a flexible change of prices, promotions and themes. In every new development, we aim to offer solutions that are easy to handle and install. We know that in today's fast moving retail scene, time is money.

Highlights

- Eye-catching fixing solution for price and promotion signage or customer guidance
- For attachment to wall or suspension from ceiling
- Any poster locks itself in place thanks to the curved surface
- Lightweight
- Easy to handle and install

Benefits

Eye-catching fixing solution for price signage or consumer guidance

Whether used for price or promotional signage, or to create a customer direction system, PosterLine supports your message in a way the consumer cannot pass over.

For attachment to wall or suspension from ceiling

A range of accessories allow for easy installation of PosterLine to any wall or ceiling.

Any poster locks itself in place thanks to the curved surface

No complex actions required! Anyone can change signage in next to no time with PosterLine.

Light weight

PosterLine is a hollow profile, making it extremely light yet robust and cost-effective.

Easy to handle and install

The low weight of the PosterLine profile, in combination with very practical fixing accessories, enable fast and easy installation.

[Multifunctional carrier for in-store signage]

Art.-No.: 9124120 blue RAL 5015
Art.-No.: 9124125 green RAL 6024
Art.-No.: 9133762 grey RAL 7005

Material: Aluminium
Length: 200 cm

Unit quantity: 1

Suspension Hook for DecoLine Suspension System

Plastic hook for inserting into the aluminium profile.

Application: Hook for suspending the aluminium profile. Can be slid to the required position on top of the tube.

Art.-No.: 9114266

Material: PA and GF
Colour: Transparent
Length: 20 mm

Unit quantity: 25

Eco-Connector for DecoLine Suspension System

Plastic connector for inserting into the aluminium profile. For connecting two aluminium profiles.

Snap-fitting, no screws required. Invisible from outside.

Art.-No.: 9178369

Material: PA and GF
Colour: Grey RAL 7005
Length: 160 mm

Unit quantity: 10

Special Offer Clip for DecoLine Suspension System

Clip for fixing special offer cards above or below DecoLine.

Art.-No.: 9200178

Material: Polyethylene
Colour: Semi-transparent
Length: 30 mm

Unit quantity: 50

Corner Connector for Suspension Tube System

Plastic connector for inserting into the aluminium profile. For connecting two aluminium profiles. Snap-fitting, no screws required.

Art.-No.: 9178365

Material: PA and GF
Colour: Grey RAL 7005
Length: 73,5 mm

Unit quantity: 10

Cross Connector for Suspension Tube System

Plastic connector for inserting into the aluminium profile. For connecting up to four aluminium profiles. Snap-fitting, no screws required.

Art.-No.: 9178367

Material: PA and GF
Colour: Grey RAL 7005
Length: 145,5 mm

Unit quantity: 10

T-Connector for Suspension Tube System

Plastic connector for inserting into the aluminium profile. For connecting up to three aluminium profiles. Snap-fitting, no screws required.

Art.-No.: 9178368

Material: PA and GF
Colour: Grey RAL 7005
Length: 145,5 mm

Unit quantity: 10

Terminal Strip for Suspension Tube System

For the positioning of frameless poster covers.

Art.-No.: 9201393

Material: PVC
Colour: Transparent
Length: 200 cm

Unit quantity: 5

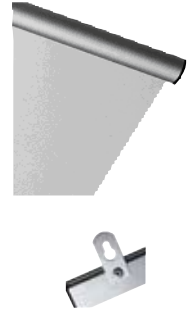

Alusnap Profile 84 cm, with Suspension Eyes

Snap profile 25 mm height with end caps, consisting of 5 snap profiles with suspension eyes and 5 snap profiles for loading.
Application: Poster profile with two suspension eyes for fixing posters in DIN A1 landscape.

Art.-No.: 9147878

Material: Aluminium
Colour: Silver anodised
Length: 84 cm

Unit quantity: 5

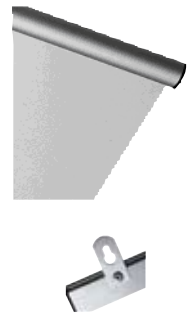

Alusnap Profile 60 cm, with Suspension Eyes

Snap profile 25 mm height with end caps, consisting of 5 snap profiles with suspension eyes and 5 snap profiles for loading.
Application: Poster profile with two suspension eyes for fixing posters in DIN A2 landscape.

Art.-No.: 9147879

Material: Aluminium
Colour: Silver anodised
Length: 60 cm

Unit quantity: 5

Alusnap Profile 84 cm, with adhesive tape

Snap profile 25 mm height with end caps, consisting of 5 snap profiles with adhesive tape and 5 snap profiles for loading.
Application: Poster profile with adhesive tape for fixing on even surfaces for posters in DIN A1 landscape. Also available with magnetic tape and / or imprinting.

Art.-No.: 9147880

Material: Aluminium
Colour: Silver anodised
Length: 84 cm

Unit quantity: 5

Alusnap Profile 60 cm, with adhesive tape

Snap profile 25 mm height with end caps, consisting of 5 snap profiles with adhesive tape and 5 snap profiles for loading.
Application: Poster profile with adhesive tape for fixing on even surfaces for posters in DIN A2 landscape. Also available with magnetic tape and/or imprinting.

Art.-No.: 9147971

Material: Aluminium
Colour: Silver anodised
Length: 60 cm

Unit quantity: 5

**Plastic Snap Rail**

Snap profile 36 mm height with end caps, consisting of 5 snap profiles with suspension eyes and 5 snap profiles for loading.
Application: Poster profile with two suspension eyes for fixing posters of maximum 1 mm thickness in DIN A1 landscape.

Art.-No.: 9147972

Material: PVC
Colour: White RAL 9010
Length: 84 cm

Unit quantity: 10**Plastic Snap Rail**

Snap profile 36 mm height with end caps, consisting of 5 snap profiles with suspension eyes and 5 snap profiles for loading.
Application: Poster profile with two suspension eyes for fixing posters of maximum 1 mm thickness in DIN A2 landscape.

Art.-No.: 9147973

Material: PVC
Colour: White RAL 9010
Length: 60 cm

Unit quantity: 10**Clip Profile**

Square profile with slot.
Application: Poster profile for fixing DIN A1 / A2 landscape posters with lateral slot. Posters has to be provided with at least 2 paper-fasteners on top.

Art.-No.: 9147974 84 cm for DIN A1**Art.-No.: 9147976 60 cm for DIN A2**

Material: PVC
Colour: White

Unit quantity: 50**Clip for Poster Profile**

Metal clip for holding clip profiles (9147976 / 9139974).
Application: Clip to connect profiles with ceiling fixtures such as C-, S-, V-hooks, chains, etc.

Art.-No.: 9139974

Material: Stainless steel
Colour: Silver
Format: 20 mm

Unit quantity: 100

Poster Clip Profile

Clip profile 20 mm height.

Application: Clip profile for holding DIN A2 / A1 landscape posters.

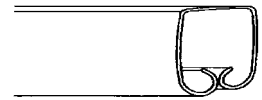

Art.-No.: 9147978 60 cm for DIN A2

Art.-No.: 9147977 84 cm for DIN A1

Material: PVC

Colour: White

Unit quantity: 50

Clip for Poster Profile

Metal clip for holding clip profiles (9147977 / 9147978).

Application: Clip to connect profiles with ceiling fixtures such as C-, S-, V-hooks, chains, etc.

Art.-No.: 9139975

Material: Stainless steel

Colour: Silver

Format: 30 mm

Unit quantity: 100

Clip Profile 84 cm

Extruded clip profile for holding posters.

Application: Clip profile for holding DIN A1 landscape posters.

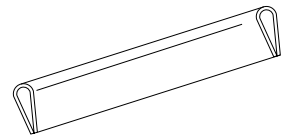

Art.-No.: 9114409

Material: PVC

Colour: Transparent

Length: 84 cm

Unit quantity: 50

Clip Profile 60 cm

Extruded clip profile for holding posters.

Application: Clip profile for holding DIN A2 landscape posters.

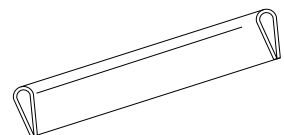

Art.-No.: 9114412

Material: PVC

Colour: Transparent

Length: 60 cm

Unit quantity: 50

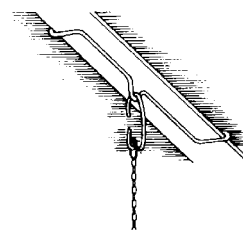

Ceiling Hooks

Ceiling / suspension rail fixture.
Application: For connection to suspended ceilings.

Art.-No.: 8350283 · Unit quantity: 20

Art.-No.: 8311104 · Unit quantity: 250

Length: 75 mm
Diameter: 1,5 mm / 2,5 mm (strengthened version)
Material: Stainless steel
Colour: Silver

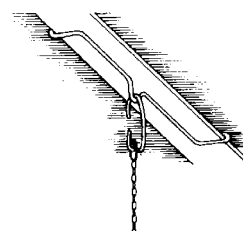

Ceiling Hooks

Ceiling / suspension rail fixture.
Application: For connection to suspended ceilings.

Art.-No.: 8311113 strengthened version · Unit quantity: 20

Art.-No.: 8311114 strengthened version · Unit quantity: 250

Length: 75 mm
Diameter: 1,5 mm / 2,5 mm (strengthened version)
Material: Stainless steel
Colour: Silver

Ceiling Clip – A

For system ceilings.
Application: To clip on a system ceiling (especially for the sides).

Art.-No.: 9138692

Length: 20 mm
Material: Nylon
Colour: White

Unit quantity: 100

Ceiling Clip – B

For system ceilings.
Application: To clip on a system ceiling (for heavy use).

Art.-No.: 9138708

Length: 20 mm
Material: Nylon
Colour: Transparent

Unit quantity: 100

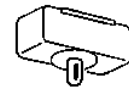

Ceiling Magnet, 3 kg

Ceiling / suspension rail fixture with fixed closed eyelet.
Application: For connection to metal surfaces.

Art.-No.: 8311120

Capacity: 3 kg
Material: PVC
Colour: White (housing)

Unit quantity: 20

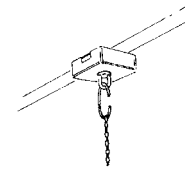

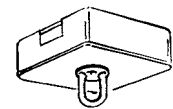

Ceiling Magnet, 6 kg

Ceiling / suspension rail fixture with fixed closed eyelet.
Application: For connection to metal surfaces.

Art.-No.: 8311121

Capacity: 6 kg
Material: PVC
Colour: White (housing)

Unit quantity: 20

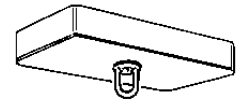

Ceiling Magnet, 12 kg

Ceiling / suspension rail fixture with fixed closed eyelet.
Application: For connection to metal surfaces.

Art.-No.: 8311122

Capacity: 12 kg
Material: PVC
Colour: White (housing)

Unit quantity: 10

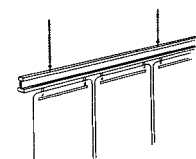

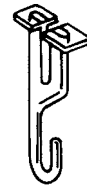

Hooks for Suspension Rail

Accessory for Suspension Rail.
Application: Hooks click into Suspension Rail allowing poster covers, price displays, frames, etc. to be hung from it. Also for use in combination with PosterLine and gondola-end suspension.

Art.-No.: 8310695

Material: Polycarbonate
Colour: Transparent

Unit quantity: 25

Self-adhesive Hooks

Ceiling / suspension rail fixture with rotating closed eyelet and adhesive pad.

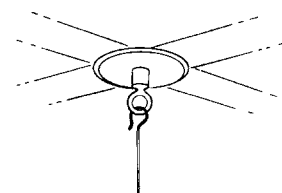

Application: For connection to flat surfaces.

Art.-No.: 8311130

Material: PVC

Colour: White

Unit quantity: 100

C-Hooks

Ceiling/suspension rail fixture.

Application: Universal connector.

Art.-No.: 8350286 · unit quantity 20

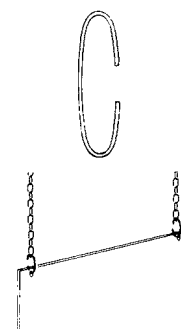

Art.-No.: 8311102 · unit quantity 250

Length: 40 mm

Material: Stainless steel

Colour: Silver

Unit quantity: 20 / 250

V-Hooks

Metal connection clip.

Application: Universal connector (especially for ceilings and for vacuum formed price displays).

Art.-No.: 9138709

Length: 38 mm

Material: Stainless steel

Colour: Grey

Unit quantity: 100

S-Hooks

Metal connection clip.

Application: Universal connector (to connect two items).

Art.-No.: 9122945 20 mm

Art.-No.: 9139971 28 mm

Material: Stainless steel

Colour: Grey

Unit quantity: 100

Hooks for Tubes

Ceiling / suspension rail fixture.

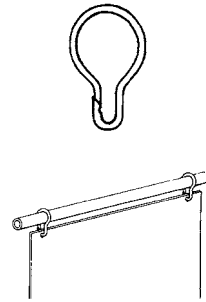

Application: Allows connection to tubes with a diameter of max. 35 mm.

Art.-No.: 8311103

Material: Stainless steel

Colour: Silver

Unit quantity: 250

Deco Chain V12, 6 kg

Ceiling / suspension rail fixture. Supplied on a roll.

Application: Chain for suspending rails, poster covers, price displays, frames, etc. from ceiling.

Art.-No.: 8311125

Length: 25 m

Material: Steel, nickel plated

Capacity: 6 kg (V12)

Colour: Silver

Unit quantity: 1

Knot Chain K10, 30 kg

Ceiling / suspension rail fixture. Supplied on a roll.

Application: Chain for suspending Rails, poster covers, price displays, frames, etc. from ceiling in variable lengths.

Art.-No.: 8311126

Length: 30 m

Material: Steel, nickel plated

Capacity: 30 kg (K10)

Colour: Silver

Unit quantity: 1

Knot Chain K16, 88 kg

Ceiling/suspension rail fixture. Supplied on a roll. Strengthened version.

Application: Chain for suspending Rails, poster covers, price displays, frames, etc. from ceiling in variable lengths.

Art.-No.: 8351015

Length: 25 m

Material: Steel, nickel plated

Capacity: 88 kg (K16)

Colour: Silver

Unit quantity: 1

Steel Cable

Ceiling / suspension fixing cable. Supplied on a roll.

Application: To fix suspension tubes or rails on the ceiling. To be used in combination with the steel cable clamps. For heavy duty use.

Art.-No.: 9180758

Length: 100 m

Thickness: 1 mm

Material: Steel, galvanised

Colour: Silver

Unit quantity: 1

Clamp for Steel Cable

Application: To fix steel cable (at the end). To be used in combination with the steel cable. Close with pliers.

Art.-No.: 9138714

Length: 5 mm

Material: Lead

Colour: Silver

Unit quantity: 100

Suspension Rod

Ceiling / suspension rail fixture.

Application: For suspending rails, poster covers, price displays, frames, etc. from ceiling in fixed lengths.

Art.-No.: 8350333 100 cm

Art.-No.: 8350332 70 cm

Art.-No.: 8350331 50 cm

Art.-No.: 8350330 30 cm

Art.-No.: 9350335 20 cm

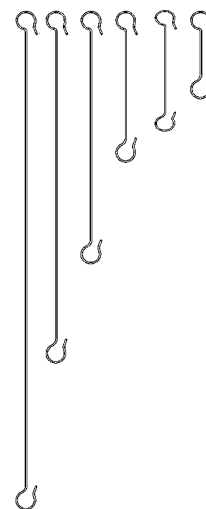

Art.-No.: 8350329 15 cm

Thickness: 2 mm

Material: Steel nickel plated

Colour: Silver

Unit quantity: 100

QuickFix Profi Suspension System

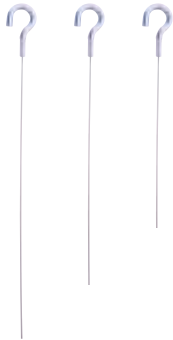

Cable clamp to facilitate the suspension of DecoLine, Suspension Rail and PosterLine. Continuously adjustable for accurate alignment of the suspension system. Including metal plate insert for static load up to 10 kg.

Consisting of: Cable clamp with metric ISO thread (M3) and metal plate.

Art.-No.: 9210476

Material: Nickel plated brass, stainless steel

Unit quantity: 50

QuickFix Profi Suspension System Steel Cable

Suitable steel cable 1,2 mm in three lengths with fixed hook. For fast and professional mounting of your suspension system.

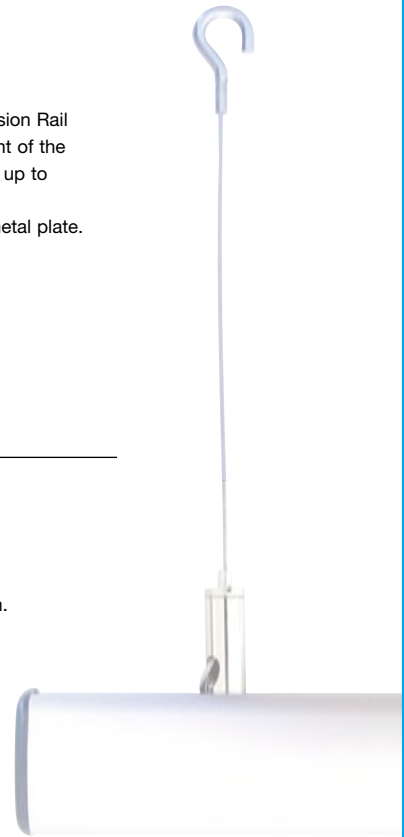

Art.-No.: 9210478 Steel Cable 90 cm

Art.-No.: 9210479 Steel Cable 120 cm

Art.-No.: 9210480 Steel Cable 150 cm

Material: Steel, zinc plated

Unit quantity: 50

QuickFix Extra Suspension Fitting for Suspension Rail

Accessory for Suspension Rail.
Application: Extra suspension fitting for long rail constructions.
Note: Eyebolt needs to be removed for QuickFix.

Art.-No.: 9113997

Material: Aluminium
Colour: Silver, anodised

Unit quantity: 10

Fixing Solution for Gondola

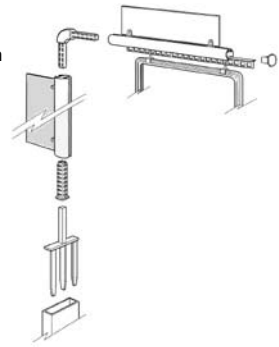

Fixing solution for price and product information on gondola end caps with one arm. System consists of: DecoLine profile 75 and 60 cm, respectively 75 and 50 cm, corner connector with metal core, position rail, end cap, pre-assembled connection (to insert in shelf column).

Art.-No.: 9200154-1 Fixing system for gondolas 75 x 60 cm (vertical x horizontal)

Art.-No.: 9200156-1 Fixing system for gondolas 75 x 50 cm (vertical x horizontal)

Material: Aluminium anodized, Polyamide, Polycarbonate
Colour: Grey RAL 7005

Unit quantity: 1

Fixing Solution for T-Gondola

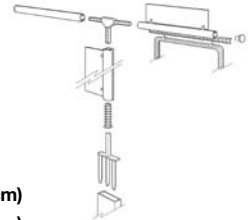

Fixing solution for price and product information on gondola end caps with two arms. System consists of: DecoLine profile 75 and 2 x 60 cm, respectively 75 and 2 x 50 cm, T-connector with metal core, 2 position rails, 2 end caps, pre-assembled connection (to insert in shelf column).

Art.-No.: 9200157-1 Fixing system for T-gondolas 75 x 60 cm (2 arms each 60 cm)

Art.-No.: 9200158-1 Fixing system for T-gondolas 75 x 50 cm (2 arms each 50 cm)

Material: Aluminium anodized, Polyamide, Polycarbonate
Colour: Grey RAL 7005

Unit quantity: 1

Gondola Shelf Insertion

Gondola fixing system accessory.

Application: For insert and locking in shelf columns. The upper square pin supports the DecoLine connection in shelf columns from different manufacturers.

Art.-No.: 9200177 for Kind 90 x 30

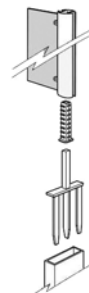

Art.-No.: 9203534 for Tego 60 x 30

Art.-No.: 9200176 for Storebest 80 x 25

Art.-No.: 9200175 for Tego / Linde 80 x 30

Material: Steel, galvanized

Unit quantity: 5

Special Offer Clip for DecoLine Suspension System

Clip for fixing special offer cards above or below DecoLine.

Art.-No.: 9200178

Material: Polyethylene
Colour: Semi-transparent
Length: 30 mm

Unit quantity: 50

Triangle Deep-Freeze Rail

Deep-freeze chest display. Complete with 2 end-caps.
Application: The rail fits to all fittings of the deep-freeze rail. 2 order entry profiles can be stuck on each side of the rail for price labels.
For use in combination with deep-freeze arm (9102252) or deep-freeze foot (9010420).

Art.-No.: 8310663 248 cm

Art.-No.: 9100854 124 cm

Material: Aluminium, powder-coated
Colour: White

Unit quantity: 1

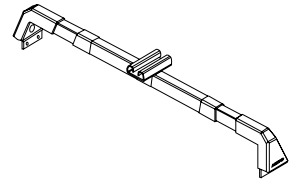

Deep-Freeze Arm

Telescopic arm placed across the deep-freeze chest to carry the deep-freeze rail. Also serves as a connector for the rail.
Application: For mounting deep-freeze rail (8310663 / 9100854) over deep-freeze chest, for chests without central support.

Art.-No.: 9102252

Size: 95 – 150 cm (extendible)
Material: Aluminium, polyamide (PA6)
Colour: White, powder-coated

Unit quantity: 1

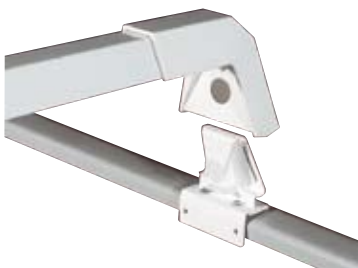

Deep-Freeze Foot / Connector for Deep-Freeze Rail

Injection-moulded foot with adhesive pad and fixing screws for fitting and connection of triangle deep-freeze rail.

Art.-No.: 9010420

Material: PA
Colour: White

Unit quantity: 3

Deep-Freeze Foot Adaptor for Glass Chests

Foot adaptor for attaching the deep-freeze arm to glass chests.

Art.-No.: 9103427

Material: PA
Colour: White

Unit quantity: 2

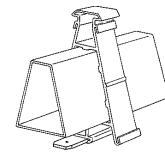

Triangle Deep-Freeze Rail Connector

Art.-No.: 8310662

Material: Aluminium, powder-coated
Colour: White

Unit quantity: 1

Special Offer Clip for Deep-Freeze

For holding posters, special offers etc.

Art.-No.: 9003805

Material: Polycarbonate
Colour: Transparent

Unit quantity: 25

Frame Holder for Deep-Freeze

Fixing accessory for deep-freeze system.
Application: For attaching frames above the deep-freeze rail.

Art.-No.: 8310610

Size: 25 x 25 x 22 mm
Material: Polycarbonate, transparent

Unit quantity: 20

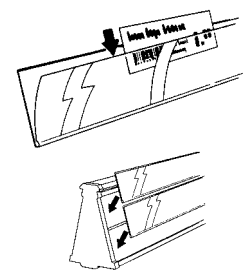

Shelf-edge Profile 42 mm

Co-extruded profile, white / transparent with adhesive backing.
Application: To fit onto the deep-freeze rail to hold labels 40 mm in height.

Art.-No.: 8352466

Length: 1235 mm

Unit quantity: 1

InfoLine Deepfreeze Signage

To fix at triangle deep-freeze rail. To use for example for customer guidance system.

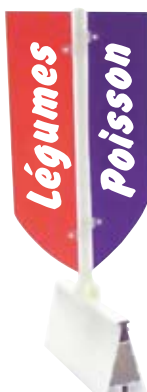

Consisting of: Rail connector, 2 aluminium profiles (40 and 20 cm), edge-connector, 2 sign clips, end caps (without flags).

Art.-No.: 9189620

Format: 40 cm height, arm 20 cm
Material: Aluminium, PP, PA, PC
Colour: White

Individual flags
on request!

Unit quantity: 10

InfoLine Deepfreeze Signage Light

To fix two flags at triangle deep-freeze rail.

Consisting of: Rail connector, 1 aluminium profile (40 cm), 4 sign clips, end caps (without flags).

Art.-No.: 9197631

Format: 40 cm height
Material: Aluminium, PP, PA, PC
Colour: White

Individual flags
on request!

Unit quantity: 10

Triangle Aluminium Rail for Self-Service Areas

Aluminium profile for the attachment of shelf-edge profiles, with 2 end-caps.

Application: For price marking of loose goods in self-service areas.

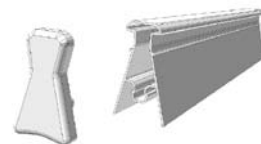

Suitable for holding frames, displays and shelf-edge profiles

(e.g. 8352466). Lower side of profile can be used for attachment of a G-adaptor and telescopic tube (e.g. 8312620 / 621 / 622) and metal base plate (e.g. 8312631).

Art.-No.: 9114275

Material: Profile: aluminium, end-caps: ABS
Colour: White RAL 9016, powder-coated
Length: 124 cm

Unit quantity: 1

SHELF MANAGEMENT SOLUTIONS

Out of stocks can result in huge annual revenue losses for both retailers and manufacturers.

Research has indicated that for manufacturers, a stock-out can lead to a loss of more than 50 % of current buyers to competitors. Retailers can face losses of up to 14 % of customers looking for a product that is not in stock!

Retailers and manufacturers should undertake all possible actions to lower the actual or perceived out-of-stock ratio in their store.

Products in pole position at all times, even if stocks are low

A consumer has several choices when his favourite product is not available: he can switch to another product, buy the item in another store, postpone the purchase to a next shopping occasion or just forget the purchase. The reputation of having out-of-stocks or even the perception by consumers that a retailer is frequently out of stock is detrimental to the retailer's reputation, since it can lead to a complete avoidance of the store.

Checkpoint's Shelf Management Solutions help to keep products in pole position on shelf, even if stocks are low. Pushers and divider panels allow consumers to overview complete product ranges, without any gaps in the facing, and allow for easier restocking.

Different types of promotional media, like shelf crownners and shelf banners, further highlight the exact products you choose to promote. Additionally, a tidy shelf reflects competence and quality and increases impulse purchase.

Shelf Divider Range "Style"

The divider has a rounded and an angular side. Either side of the divider can be placed at shelf edge, depending on the type of products presented.
Application: For the tidy separation of goods on the shelf in order to make better use of the space available.

Material: SAN
Colour: Transparent

Art.-No.: 9172741 80 x 500 mm

Art.-No.: 9172742 80 x 800 mm

Material: PVC

Colour: Transparent

Unit quantity: 10

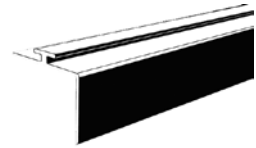

Clip-on Shelf-edge Profile

Clip-on profile with attachment point for shelf dividers.
Application: Attachment profile to fit into the U-profile of the shelf-edge, for use in combination with a front plate.

Art.-No.: 9103587

Length: 988 mm
Material: PVC
Colour: Transparent

Unit quantity: 25

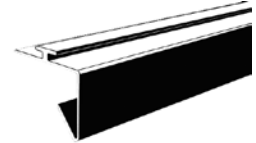

Clip-on Shelf-edge Profile Narrow

Clip-on profile with attachment point for shelf dividers, narrow.
Application: Clip-on profile with attachment point for shelf dividers, narrow.

Art.-No.: 9103588 988 mm
Art.-No.: 9129728 1.230 mm

Material: PVC
Colour: Transparent

Unit quantity: 25

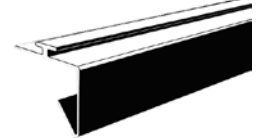

Clip-on Shelf-edge Profile Wide

Clip-on profile with attachment point for shelf dividers, wide.
Application: Clip-on profile with attachment point for shelf dividers, wide.

Art.-No.: 9103589 988 mm
Art.-No.: 9129859 1.230 mm

Material: PVC
Colour: Transparent

Unit quantity: 25

Magnetic Profile

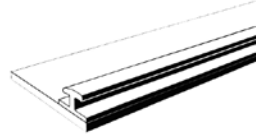

Magnetic profile for attaching shelf dividers to the shelf.
Application: Attachment profile for shelf dividers with magnetic strip for easy and rapid fitting to the shelf. Two different magnetic lifting forces available.

Art.-No.: 9103591 995 mm (magnetic strip 1,65 mm thickness)
Art.-No.: 9103590 1.230 mm (magnetic strip 1,65 mm thickness)

Art.-No.: 9206841 995 mm (magnetic strip 0,85 mm thickness)
Art.-No.: 9206790 1.230 mm (magnetic strip 0,85 mm thickness)

Material: PVC
Colour: Transparent / white

Unit quantity: 25

T-Section Adhesive Profile

Adhesive profile for attaching shelf dividers to the shelf.
Application: Attachment profile for shelf dividers with acrylic adhesive tape for standard adhesive fitting of the profile to the shelf.

Art.-No.: 9103597 Standard acrylic 995 mm

Art.-No.: 9103598 Standard acrylic 1.230 mm

Application: Attachment profile for shelf dividers with Isotac adhesive tape, for fixed applications, especially in refrigerated areas.

Art.-No.: 9103592 Isotac 995 mm

Art.-No.: 9103593 Isotac 1.230 mm

Material: PVC

Colour: Transparent / white

Unit quantity: 25

Front Panel with Acrylic Tape

Retaining rail for attachment of shelf dividers, with front panel 35 mm high, for attaching to the shelf by adhesive tape.

Art.-No.: 9114256 988 mm

Art.-No.: 9118046 1.235 mm

Material: PVC, extruded

Colour: Transparent

Unit quantity: 25

Front Panel with Magnetic Strip

Retaining rail for attachment of shelf dividers, with front panel 35 mm high, for attaching to the shelf by magnetic strip.

Art.-No.: 9114257 988 mm

Art.-No.: 9118045 1.235 mm

Material: PVC, extruded

Colour: Transparent

Unit quantity: 25

Front Panel for Wire Shelves

Retaining rail for attachment of shelf dividers, with front panel 35 mm high, for attachment to wire shelves, including clip and wedge.

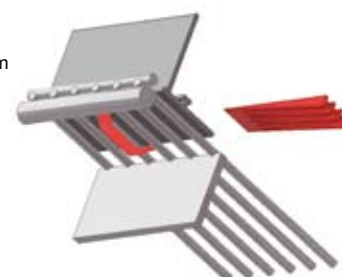

Art.-No.: 9114258 995 mm

Art.-No.: 9140113 1.230 mm

Material: PVC, extruded

Colour: Transparent

Unit quantity: 25

Front Rail for Wire Shelves

Fixing rail for attachment of shelf dividers to wire shelves, including clip and wedge.

Art.-No.: 9140114 995 mm

Art.-No.: 9140115 1.230 mm

Material: PVC, extruded
Colour: Transparent

Unit quantity: 25

Pusher T-Profile for Wire Shelves

Adaptor T-Rail for mounting dividers and pushers on wire shelves.

Art.-No.: 9352730 990 mm

Art.-No.: 9352731 1.240 mm

Material: PVC
Colour: Transparent

Unit quantity: 1

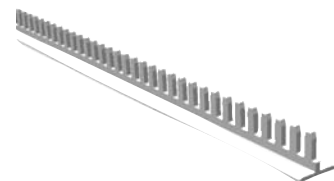

Clips for Wire Shelves

Accessories for adaptor T-Rails; suitable for diameter 2 – 4 mm.

Art.-No.: 9352732

Material: Polycarbonate
Colour: Transparent

Unit quantity: 1

Divider Slot Rail

Fixing rail for divider range "Style" for easy attachment of divider on the shelf.

Art.-No.: 9216009 995 mm

Art.-No.: 9216010 1.230 mm

Material: PVC
Colour: Transparent

Unit quantity: 25

Adjustable Plate with Backrest

Consisting of adjustable plate, backrest to hold the product upright and extra-large backplate for larger products (optional).
Application: For the presentation of goods, e.g. pre-packed meats, ready-made soups, baking powder, that cannot stand neatly on the shelf on their own because of the type of packaging.

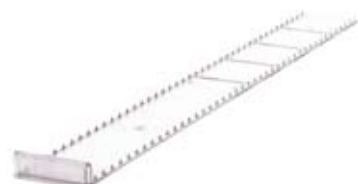

Backrest

Backrest to hold packaging (bags, sachets etc.) upright on the shelf, for use in combination with adjustable plate 9103600.

Art.-No.: 9103599

Size: 72 x 19 mm
Material: SAN
Colour: Transparent

Unit quantity: 25

Adjustable Plate

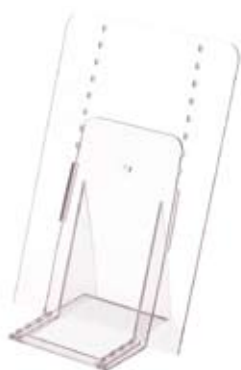

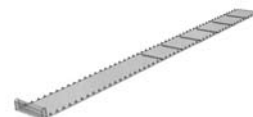

Plastic plate for the positioning and attachment of the backrest on the shelf, with pre-defined breakage points to adjust the plate to the depth of the shelf.

Application: Adjustable plate, attached to the shelf by clipping to the T-profile at the front edge of the shelf. With pre-defined breakage points at 230, 280, 330, 380, 430, 480 mm.

Art.-No.: 9103600

Size: 50 x 530 mm
Material: SAN
Colour: Transparent

Unit quantity: 25

Back Plate

Extra-large back plate for fitting over the backrest to increase the supporting surface for the display of larger product packaging.

Art.-No.: 9114019

Size: 115 x 180 mm
Material: SAN
Colour: Transparent

Unit quantity: 25

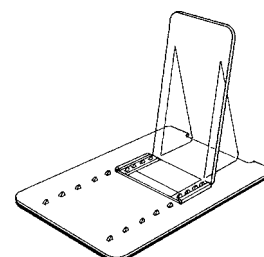

Free Standing Backrest

With anti-slip layer.
Application: In situations where backrests on rails are not preferred. To be used on all surfaces such as wires shelves, plastic plates, metal shelves etc.

Art.-No.: 9134451

Size: 72 x 119 mm
Material: SAN transparent
Colour: Transparent

Unit quantity: 25

Checkpoint's Shelf Management Solutions help to keep products in pole position on the shelf, even if stocks are low. Pushers and divider panels allow consumers to overview complete product ranges, without any gaps in the facing, and allow for easier restocking.

And customers do not have to bend down to look right at the back of lower shelves to see if the product is in stock.

Material: ABS, Polycarbonate, POM
Colour: Grey / transparent

[Products on pole position at all times, even if stocks are low]

Unit quantity: 24

METO®
Pusher

Highlights

- Increase impulse purchase with an eye-catching shelf
- Save time and money through easy re-stocking
- Reduce risk of stock loss, especially with perishables, because shelf-stackers are not tempted to put the freshest products in the space at the front of the shelf.

Specifications

Pusher continuously pushes forward the products on shelves or displays when one of the articles in the row has been removed.

Checkpoint Pusher offers all advantages of a unique, progressively acting spring.

The spring is embedded on an axle, resulting in flexibility yet very powerful strength while reducing friction.

Additionally, the leading item is slightly tilted up, making itself more accessible for the consumer.

Benefits

Increase impulse purchase with an eye-catching shelf

- See whole product range at once regardless of (low) stock levels
- Reflecting: competence · cleanliness · tidiness · quality
- High quality display offers the perception of a high quality product

Save time and money through easy re-stocking

- Shelf restocking becomes faster and more efficient
- First-in first-out principle
- Shift complete product stacks towards either side to re-stock
- No need for staff to continuously push products forward – saving valuable time and money

Stock reduction

- Reduce risk of stock loss with perishables
- Even low stocks give the perception of a full shelf

Pusher Back Panels and Label Holder

Label Holder and pusher plates to be inserted over pusher.

Art.-No.: 9352710 B 28 · Unit quantity: 60

Art.-No.: 9352711 B 40 · Unit quantity: 120

Promotional media like shelf crowners and banners lead the consumer's attention to products a retailer or brand manufacturer decides to promote. ShelfLine is an ideal and cost-effective solution to increase sales and impulse purchase, in combination with Shelf Management Solutions like Pusher and Shelf Divider.

Highlights

- Draw the consumer's attention to product promotions at point-of-sale
- Offer service on-shelf, like product or consumer information
- Super safe grip
- Wide range of standard shapes
- Tailor-made shape and artwork on request
- Highly cost-effective
- Short delivery times

Benefits

Draw the consumer's attention at point-of-sale

Support product promotions at point-of-sale or catch the consumer's attention to selected products by providing information or advice on-shelf.

Crowners in any shape and artwork

Checkpoint offers a wide range of standard shapes, from lateral and perpendicular models to aisle signs. But on simple request, we produce crowners in virtually any shape and artwork that your business requires.

Fixing accessories

A selected range of fixing accessories for crowners makes attachment to any type of shelf possible.

Highly cost-effective, short delivery times

Checkpoint's supply chain allows for very competitive pricing whereas any crowner can be produced unbeatably fast!

MANUAL & ELECTRONIC SIGN PRODUCTION

A picture says more than a thousand words ...

Signage including pictures can increase sales by up to 30%, compared to conventional price signage.

Including pictures in your signage may sound complex, but is in practice very easy and cost-effective when using the right equipment.

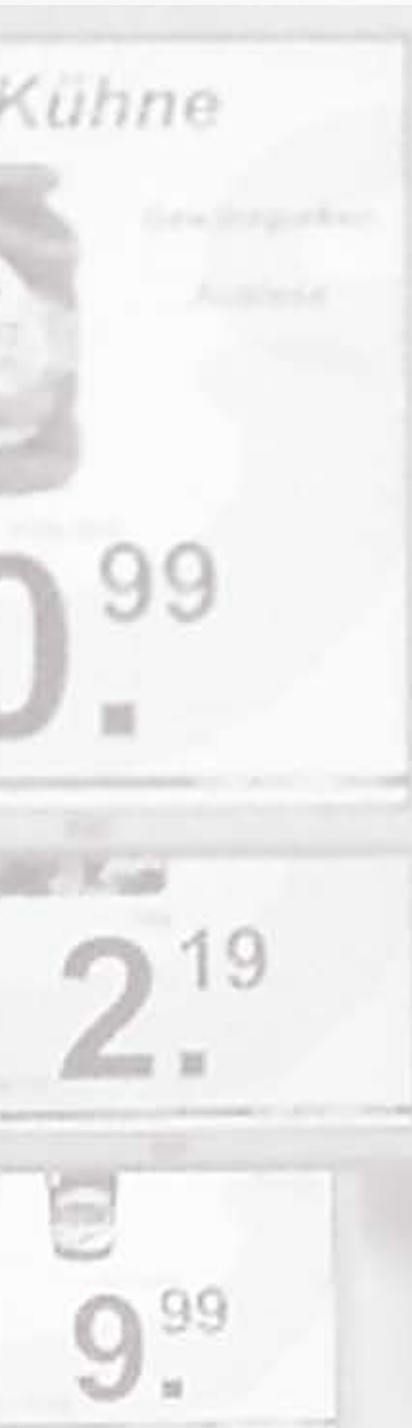

Price marking as an effective marketing instrument

Over the past 50 years, Meto invented multiple Merchandising Solutions. Take the Writing Kit, one of our classics that has been used in any retail environment around the world for decades. Posters being created with a set of felt-tip pens still are a common means of highlighting promotions flexibly.

Retailers looking for more professional signage rely on Prestige software. Prestige allows for creation of signage like labels, shelf signage, posters, leaflets and much more, quickly and easily, in any design. You create either centrally for distribution to all stores, or locally at store level. Prestige is intuitive in use and can be integrated into your current software environment. Furthermore, a continually updated photo library turns Prestige into an attractive and highly effective piece of equipment to support your sales in-store.

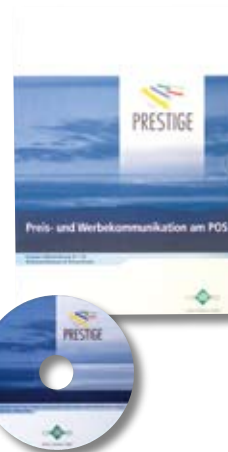

Multimedia with PRESTIGE

POSTERmaker Software PRESTIGE

Windows software for free-form WYSIWYG creation of labels and posters with text, price fields, barcodes, graphics and logos on Windows compatible printers. POSTERmaker PRESTIGE is provided on CD complete with a multi-lingual user manual and multi-lingual on-line help and also includes sample labels and posters plus several sample clipart graphics. Includes software lock requiring user registration to obtain unlock code for unlimited usage on **one PC only**.

New digital media successfully deployed

PRESTIGE 7 has an integrated Display Manager and Display Engine(s) that can be installed locally. Each Display Engine administers a screen, projector or a shop scale.

The Display Engine supplies the media

The Display Engine provides for the communication with the PRESTIGE 7 system, requests independently, when necessary, new data from the system and presents reliably and without further efforts the selected advertising messages on the connected medium. In addition, the Display Engine determines independently whether the displayed advertising sequence contains already uploaded files, for example videos, product pictures or logos in order to avoid redundant transfer. Thus, the network load is significantly reduced and more bandwidth is left to the other applications in the business.

Installation: Standard Windows Setup incl. re-installation program.

Languages: Belgian (Flemish), Brazilian, Chinese, Croatian, Czech, Danish, Dutch, English, Finnish, French, German, Hungarian, Italian, Polish, Portuguese, Russian, Spanish, Swedish, Turkish, more languages possible on request.

Paper size: All DIN- and intermediate sizes, labels, oversize, new / additional formats may be defined by the user individually for each printer and slot.

Layout: Static and dynamic designs, specific text- and graphic fields for articles and designs, alphanumeric identification for designs, regulation of the input sequence; fields may be disabled.

Exact specification: see Technical Data Sheet.

POSTERmaker PRESTIGE XT

Design and printing of labels and posters with more than 4 article text lines. With free design capabilities and any number of different templates and formats.

Art.-No.: 9307808

Unit quantity: 1

SHOPPING CONVENIENCE

Queuing systems take away stress among both service staff and consumers, thus increasing sales.

Research confirms that queuing systems:

- *Achieve a more orderly arriving customer flow, avoiding crowd at the counter*
- *Relax customers, waiting their turn*
- *Guarantee more order in the shop with customers looking around instead of queueing*

Shopping Convenience increases impulse purchase and creates customer loyalty

Shopping Convenience is becoming ever more important in today's market. Besides a retailer's product offering, comfort and the experience of shopping are decisive factors in the choice of the consumer.

With a tight focus on innovation and ease of use and installation, Checkpoint is aiming to offer solutions that provide convenience to the consumer, while at the same time maximising the retailer's profit.

Turn-O-Matic is a "Service by Number" system, providing a more positive customer service experience for customers and service staff in retail stores and service centers.

Some of the most noticeable advantages include:

- Increased customer satisfaction through fair and orderly queuing
- More freedom to move around and use waiting time alternatively

Improvements in the service environment also have a positive financial impact:

- Customers buy more
- Less stressed customers are more inclined to buy on impulse
- Customers remember good service and come back for more

[Customers remember good service
and come back for more]

Checkpoint®
Turn-O-Matic

Turn-O-Matic S3 – Plug and play start pack

- Economical system with quality products for good value
- Plug & Play start pack for easy, low-cost installation
- Simple expansion with plug-in options
- High quality number displays with superior viewing range
- Choice of Indicator sound tones and volume on number change
- Fast start-up with last displayed number saved on power OFF
- Customer friendly display
- Update delay on multiple push button presses
- Sleep mode shuts off displays when system is not in use

Art.-No.: 38328360 S3 Start Pack (containing all features listed below)

Turn-O-Matic S3 Start Pack contains:

- 1 dispenser
- 1 indicator, including power supply
- 2 wireless push buttons
- 6 ticket rolls (4000 tickets per roll)

HAND LABELLING SOLUTIONS

**40%
OFF**

Today's consumer has limited time and expects product information and pricing to be offered within reach of the article. When pre-printed with logo or name, labels are an efficient means to support your brand.

Research confirms that labels increase product sales, in case of promotional labels by as much as 49 per cent.

High quality Hand Labelling Solutions to meet your business needs precisely

Under the Meto brand, Checkpoint brings a wide range of high quality Hand Labelling Solutions to retail, manufacturing and all specialist markets that require accurate information at product level.

Meto Hand Labelling Solutions are used in a wide variety of applications, from in-store price and date marking to promotional labelling and factory coding. Ergonomically designed, quick, efficient and easy to use, Checkpoint's hand labellers have been setting standards since 1959.

Meto ProLine S

1 printing line with 5-10 digits standard size / 5-6 digits big size for price marking and day coding with small labels.

Art.-No.: 9311097 Dispenser for label size 22 x 12 (no printing facilities)

ProLine XXL

2 printing lines with 7 digits big size + 14 standard size / 28 digits standard size small or large characters for promotional pricing, date coding, article number coding or manufacture coding with extra large labels.

Art.-No.: 9314006 Dispenser (no printing facilities)

Unit quantity: 1 hand labeller per pack

On simple request we produce just the printband layout with the exact characters your business requires.

Labels for ProLine XXL

Wood-free calendered paper.

Label size: 36 x 28 mm, universal adhesive

deep-freeze adhesive

Art.-No.: 9005134 white, universal adhesive

Art.-No.: 9214706 deep-freeze adhesive

Art.-No.: 9009464 fluorescent orange, universal adhesive

Art.-No.: 9214707 deep-freeze adhesive

Art.-No.: 9214727 fluorescent red, universal adhesive

Art.-No.: 9214708 deep-freeze adhesive

Art.-No.: 9214705 fluorescent yellow, universal adhesive

Art.-No.: 9214709 deep-freeze adhesive

Art.-No.: 9214704 fluorescent green, universal adhesive

Art.-No.: 9412710 deep-freeze adhesive

Unit quantity: Box of 30 rolls (650 labels per roll)

Label size: 36 x 35 mm, universal adhesive

Art.-No.: 9005133 white, universal adhesive

Art.-No.: 9214713 deep-freeze adhesive

Art.-No.: 9214728 fluorescent orange, universal adhesive

Art.-No.: 9214730 deep-freeze adhesive

Art.-No.: 9214711 fluorescent red, universal adhesive

Art.-No.: 9214714 deep-freeze adhesive

Art.-No.: 9214729 fluorescent yellow, universal adhesive

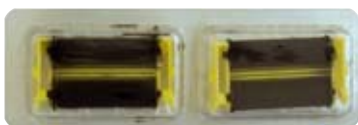

Art.-No.: 9214715 deep-freeze adhesive

Art.-No.: 9214712 fluorescent green, universal adhesive

Art.-No.: 9214761 deep-freeze adhesive

Unit quantity: Box of 30 rolls (500 labels per roll)

On simple request we produce just the special label your business requires, in any possible colour or specialist adhesive, with safety cut or preprint of your brand logo, text or drawing.

Ink Roller for ProLine XXL

Top print quality for more than 30.000 prints per ink roller.

Art.-No.: 8888190 Standard ink

Art.-No.: 9324008 UV resistant

Unit quantity: 2 pcs. per blister

Adding valuable Information to your Products

Meto labels make product marking fast, variable and flexible in any shape, size and colour and in any label material, from paper to plastic.

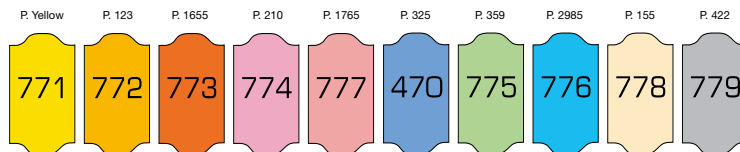

Effective: labels enhance the advertising effect. For example with special offer details or your company logo.

Secure: perforations or stampings protect against misuse of the labels, while anti-tension cuts ensure optimum adhesion to the undersurface. Labels are available in a wide range of materials and colours: Paper, plastic, duplex, cartex. In addition to the label colours shown, labels are also available in striking fluorescent colours, gold and silver.

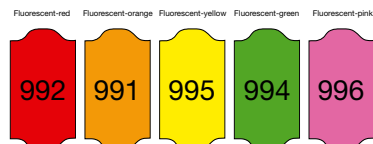

Variable: either weather-proof, water-soluble or permanent – Meto special adhesives come in 8 different variants.

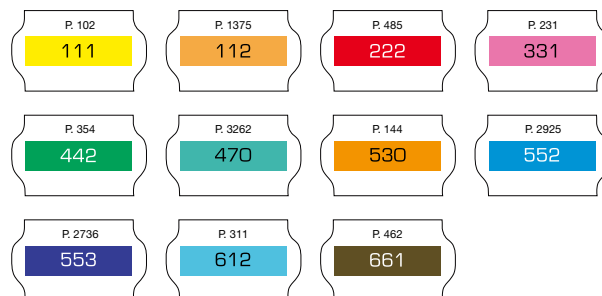

Available Standard Label Colours

P. xxx = Pantone-Colour-Number

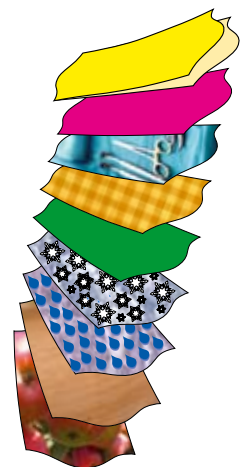

Available Standard Label Preprint Colours

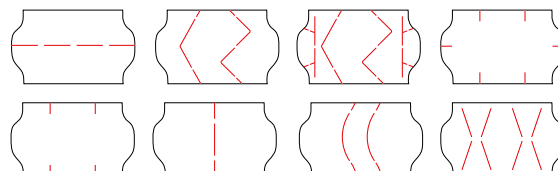

Available Standard Adhesives

Adhesive developed for your special application: from standard, removable or extra strong to deep-freeze, delicate textile, outdoor use adhesive and application on greasy or irregular surfaces.

- A1: Removable, part adhesion
- A1.1: Removable, full adhesion
- A2: Permanent, standard
- A22: Permanent, medical, for sterilisation labels
- A3: Permanent, soft, for textile applications, light materials and linings
- A4: Permanent, plus, stronger adhesion than A2
- A5: Permanent, cool, for refrigerated and deep-freeze applications
- A6: Permanent, special, water-soluble
- A8: Permanent, super, water-resistant, weather-proof (for UV ink rollers)
- A9: Permanent, food grade, for direct contact with dry, aqueous and fatty foods

Label Security Cuts in any shape to prevent fraud

Under the Meto brand, Checkpoint brings a wide range of high quality Hand Labelling Solutions to retail, manufacturing and all specialist markets that require accurate information at product level.

Benefits

- Make your offers and promotions stand out
- Turn your slow moving stock into profitable sales
- Price mark and provide information for products in a fast and flexible way
- Improve point of sale and in-store marketing

High quality hand labellers

- Patented UPD technology for consistent print quality
- Lightweight
- Ergonomic design
- Easy refill
- Closed housing to protect mechanism from environmental influences
- Smooth & solid label transport
- Durable & reliable
- Character set-up adaptable to suit your company's needs precisely
- Tailor-made in your company's corporate style on request
- CE certified

Just the right label for your business

- Any shape, size and colour
- Add your logo, text or pictogram
- Adhesive developed for your special application: from standard, removable or extra strong to deep-freeze, delicate textile, outdoor use adhesive and application on greasy or irregular surfaces
- Add security cuts in any shape to prevent fraud
- Any label material, from paper to plastic

[... High quality Hand Labelling Solutions
to meet your business needs precisely]

ELECTRONIC PRICE LABELLING

*Studies prove that
Electronic Shelf Labelling*

- *indicates the retailer's best intentions to provide accurate pricing and good service in the perception of the consumer*
- *increases sales and customer loyalty*

The most economic way of pricing

Checkpoint offers a wide range of accessories for ESL (Electronic Shelf Labelling), from fixing solutions to smart and integrated merchandising displays, allowing retailers to maximise the effects of technology.

ESL is much more than an electronic substitute for paper shelf labels. ESL reduces price adjustments or promotions to pushing one button, saving on consumables and personnel. But ESL also enriches the shopping environment for the consumer, providing confidence through accurate pricing and a uniform overall labelling image.

Checkpoint accessories are compatible with Electronic Shelf Labels from all leading suppliers.

Checkpoint's unique Peghook Adapter attaches Electronic Shelf Labels to virtually any current peghook model.

Thanks to the Adapter, Electronic Shelf Labels are fixed to peghooks for optimum legibility from a maximum number of angles. The adapter makes sure that shoppers can freely take products, while the Electronic Label does not bother staff when re-stocking the shelf.

Peghook Adapter is a patented product from Checkpoint Systems.

[Peghook Adapter for Electronic Shelf Labels: optimum Legibility, maximum Accessibility]

METO®
Peghook Adapter

**Electronic Shelf Label Adaptor for Peghook**

Application: ESL adaptor for all kinds of peghook with adjustable angle +15° -15°.

Art.-No.: 9179491

Material: Polycarbonate / Polypropylene
Colour: Body: transparent, adaptor: white

Unit quantity: 25

**PromoSign Cassettes Fruit & Vegetable / EPC**

Cassettes prepared for electronic price marking EPC.
Separate slider with leporello set.

Photo: German-language version. Any language available on request.

Art.-No.: 8327800 white RAL 9016

Art.-No.: 8327803 green RAL 6024

Art.-No.: 8327804 black RAL 9005

Format: 160 x 84 mm

Material: Base plate: ABS, slider: SAN

Leporello set: PVC, black

Unit quantity: 10

**PromoSign Leporello Set Fruit & Vegetable**

Photo: German-language version. Any language available on request.

Art.-No.: 8327830

Format: 80 x 40 mm

Material: SAN

Leporello set: PVC, printed black

Unit quantity: 10

Beutel	Klasse 1
konserviert mit Thiambenzol	1 kg

Triangular Profile

For positioning shelf-edge rails 9136698 / 701 on the shelf at an angle of 30° or 45°, with adhesive strip.

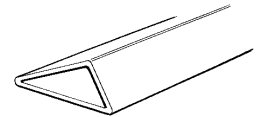

Art.-No.: 9117844

Length: 100 cm

Material: PVC

Colour: Transparent

Unit quantity: 25

Closed Shelf-edge Rail for Pricer Labels EPC

Rail to hold and protect PromoSign cassettes format 160 x 84 mm with EPC. Front part is transparent and can be folded upwards.

Art.-No.: 8327890 white / transparent, 100 cm

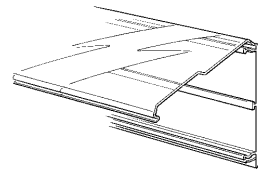

Art.-No.: 8327891 white / transparent, 124 cm

Art.-No.: 8327892 green / transparent, 100 cm

Art.-No.: 8327893* green / transparent, 124 cm

Material: PVC

Unit quantity: 1

Closed Shelf-edge Rail for Pricer Labels ESL

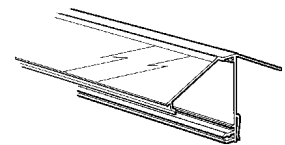

Closed shelf-edge rail to hold and protect small and standard electronic shelf labels. Front part is transparent and can be folded upwards. Can only be opened with opening key, thus also providing protection against theft.

Art.-No.: 9136701 white / transparent, 123,5 cm

Art.-No.: 9136698 white / transparent, 98,5 cm

Material: PVC

Unit quantity: 25

*** On request**

SECURED MERCHANDISING

In 2006, GfK Custom Research conducted a study of consumer attitudes to anti-theft solutions on five categories of 'sensitive' products. The research revealed that:

- 83 % of European consumers want to easily access products before making their shopping choices, proving that closed-shelf window displays prevent them from buying*
- 84 % need to see the whole product and 83 % need to have easy access to it before buying*
- Trying functions on consumer electronics like mobile phones, is a priority for 84 %*
- Closed window shelves have prevented 73 % of European consumers from buying products at least once.*

Valuable goods - Fully accessible, fully secured

Today's consumer is well informed and requires accessibility and speed in the process of purchase. Closed window shelves and over-the-counter sales are often barriers between retailer and consumer, as the consumer wants to try out products or read information on goods without having to ask for assistance from shop staff.

Building on our strengths in both theft prevention and merchandising, Checkpoint aims to provide retailer and brand manufacturer with creative and innovative solutions to sell more and lose less at the lowest possible cost. We are aware of the need to secure high-theft goods, while at the same time focussing on accessibility and the importance of attractive merchandising.

Sell More -

Doubling the use of EAS as merchandising media makes retailers win twice

Secured promotion labels

Promotion labels increase sales by up to 49 per cent. Security labels prevent shoplifting. An excellent combination!

1 Secured promotion labels:

Adding a promotion element to secured (EAS) labels maximises profits while preventing theft.

Merchandising security antennas

Upgrade EAS antennas into platforms for brand awareness or supporting special offers at the busiest place in your store:

2 The **Advertising Panel** kit consists of two Plexiglas panels that are attached to the antenna. Promotional material is inserted between the two panels, thus delivering a proper and attractive advertising space.

3 **CoverLine textile** covers allow the store to switch promotion themes rapidly, for example seasonal promotions. The covers are simply pulled over the antenna.

on Secured Merchandising Solutions

- Lose Less

Protect valuable products while giving your consumer the freedom to explore

Keeping electronics behind glass may prevent theft, but also puts a lot of pressure on your staff and makes the products less accessible to genuine shoppers.

- 4** With reliable loops protecting electronics discretely, **Open Display Solutions** allow consumers to touch and try the most valuable products without any help or pressure from sales staff.

Open Display Solutions for permanent or occasional protection:

- Networked solution to display and secure large quantities of articles, invisibly integrated into your merchandising display
- Stand-alone solution to display and secure up to 4 articles, ideal for gondola presentation or promotions

- 5** **Narrowcasting** is an interesting addition to Open Display Solutions, featuring promotional content or technical specifications of the products touched by the shopper.

Why waste any more time after your customer decides to purchase?

- 6** **Open Stock Solutions** allow to present any box or blister on-shelf for immediate take-away. 100% secure, easy to install and impossible for thieves to remove.

Open Stock Solutions allows your merchandise to be stored where it belongs: on the shelf.

- Double alarm function: self-alarming on removal and EAS-alarm at check-out
- All current EAS technologies integrated
- Discourages thieves at first sight
- Durable and re-usable

This image shows a blank sheet of white paper designed for writing. It features a series of evenly spaced horizontal grey lines across its entire surface. A single vertical red line runs down the left side, creating a margin. The paper is otherwise completely empty of any text or markings.
